

Maharashtra Pollution Control Board महाराष्ट्र प्रदूषण नियंत्रण मंडळ

OCCUPATIONAL HEALTH AND SAFETY POLICY

MPCB LABORATORY

(Central/Regional Laboratory, Maharashtra pollution control board)

We recognize our moral and legal responsibilities under occupational health and safety (OH&S) requirements to provide a safe and healthy work environment at our laboratory premises.

We also commit ourselves to prevent all injuries and reduce health and occupational risk.

We will focus towards continual improvement and better compliance towards legal and other requirements that are integral part of our practises.

OCCUPATIONAL HEALTH AND SAFETY OBJECTIVES

- To promote and secure the occupational health, safety and welfare of people at work.
- Compliance toward legal and other requirements.
- To prevent reoccurrence of all reported incidents
- To reduce the number of near miss
- To ensure compliance for all management programs related to OH&S

Quality objectives shall be reviewed and revised periodically to ensure continual improvements
