CC- Resubmission Agenda

Agenda no. 1

Region : SRO Kolhapur		Section : JD APC		Date :
Name & Address	Pretam Enterprises , AT S No- 386/1, 387/1, 388/1, 388/2, 287/2, Vadgaon, Tal- Hatkanangale, Dist- Kolhapur.			
Consent For	CE			
Capital Investment	4930 Lacs			
Previous Consent Validity	---			
Industry Type	R21 Ferrous and Non ferrous metal extraction involving different			
Industry Category	Red			
Compliance Of Water Pollution Related Conditions	YES			
	Details :- Indl effluent will be NIL, only DM plant backwash will be generated, propose to provide ETP for same. Domestic effluent 10 CMD, SSTP is proposed.			
Compliance Of Air Pollution Related Conditions	Yes			
	Proposed to provide dust collector and scrubber to furnace and Sand plant.			
Water Cess	Assessment Done : NA		Paid Upto :NA	
BG Details	Amount :		Validity :	
Submission of Environmental Statement	Period	NA		
Other Relevant Information	Case discussed in CC meeting held on 05/9/2014, it was decided to issue SCN for refusal due proposed APC system seems to be inadequate, not submitted NOC from municipal authorities, distance certificate as per RRZ policy. SCN issued on 22/9/2014 and till date industry has not submitted the reply against said SCN. (Applied for consent to Establish. Ferrous casting 2000 MT/M. Ci is Rs. 49.30 crores. Have applied for NOC with Vadgaon Nagarparishad, which is local body, but not yet received).			
Recommendation of SRO/RO	SRO recommended grant of consent after receipt of NOC from local body.

		Details of BG forfeited/encashed , if any :			
Submission of Environmental Statement		Period		2013-2014	

Maharashtra Pollution Control Board

<p>Other Relevant Information</p>	<p>1] Operation & Maintenance of Air Pollution Control is poor so exceeding the analysis results of stack monitoring as per prescribed standards.</p> <p>2] Industry has not submitted BG of Rs. 2.0 Lakhs towards earlier consent conditions.</p> <p>3) The case was discussed in Board's CC Meeting, dt: 24/11/2014 and it was decided to issue SCN for refusal as industry has failed to submit Board's resolution / BG as per previous consent condition and results of stack monitoring are exceeding. SCN for refusal issued vide no: 4969, dt: 01/12/2014.</p> <p>4) In response to SCN for refusal industry has submitted reply, dt: 04/12/2014 and stated as,</p> <p>a) They presumed that the application referred in SCN for refusal under reference pertains to their application dt: 15/09/2014 which was submitted at SRO-Bhandara on 16/09/2014 for grant of expansion from the consented capacity of 230 MT/M to 505 MT/M (Increase of 275 MT/M) of the existing facility for production of "Dry Milled Flake powder of Aluminum". This presumption is on account of the fact that subject of SCN for refusal for expansion while referring their application for renewal which was applied separately. The application for renewal has been submitted separately for plain renewal i.e without any expansion in production capacity of any of the consented items, hence these two applications are not related in any way.</p> <p>b) The additional item Aluminum Ingots & Casting = 300 MT/M was already included in the consent at Sr.no: 5 of condition no: 2 of consent, hence in effect the above quoted condition at Sr.no: 11 of existing consent, dt: 09/05/2013 which was valid upto: 31/05/2014 doesn't hold. Therefore, after receiving this consent they had appealed to Board vide letter dt: 12/06/2013 & reminder dt: 23/08/2013 to withdrawn condition no: 11. But till date they didn't receive any communication from Board.</p>
<p>Recommendation of SRO/RO</p>	<p>Expansion in existing premises so C to E May be granted.</p>

Name & Address	Appasaheb Nalawade Gadhinglaj Taluka SSK Ltd(Distillery) , Harali, Dist.- Kolhapur		
Consent For	CR		
Capital Investment	439 Lacs (Total C.I of the Industry is Rs.60.56 Crs.)		
Previous Consent Validity	31.08.2014		
Industry Type	R15 Distillery including Fermentation industry		
Industry Category	Red		
Compliance Of Water Pollution Related Conditions	YES ()	NO ()	
	Details :- Industrial effluent Details: <ol style="list-style-type: none"> a. Quantity: 134 CMD. b. Treatment /Disposal: On compost yard of about 4.5 Acres, this seems to be inadequate. c. SRO reported that out of three Nos. of compost yard 1 compost yard is concretized and remaining two are Kuccha compost yard. 		
Compliance Of Air Pollution Related Conditions	Steam is taken from the Boiler of Sugar Unit.		
Water Cess	Assessment Done :	Paid Upto :	
BG Details	Amount : Rs.5.0 Lakhs & Rs.2.0 Lakhs (Not Submitted)	Validity : Not Submitted	
	BG Obtained against : BG are imposed in the previous consent for completion of compost yard and towards compliance of the consent conditions.		
	Details of BG forfeited/encashed , if any :		
Submission of Environmental Statement	Period	201-13	

Maharashtra Pollution Control Board

Other Relevant Information	<p>a) Close proximity of river i.e 1.0 KM from river Hiranyakeshi (A-II) Class, b) Two Nos. of compost yard are not impervious, c) Spent wash is stored in two Nos of Kuccha pit and d) Not completed the work of the compost yard and not submitted the BG's as per the previous consent condition towards the compliance of the same.</p>
Recommendation of SRO/RO	Consent may be decided at Higher level.

Maharashtra Pollution Control Board

Agenda no. 12

Region : SRO Sangli	Section : JD(WPC)		Date: 04/12/2014
Name & Address	Ninaidevi Sakhar Karkhana Ltd. (A unit of Dalmia Bharat Sugar & Industries Ltd.) , A/p-Krangali-Arala, Tal.- Shirala, Dist.- Sangli.		
Consent For	CR		
Capital Investment	3000 Lacs (Previous C.I was 46.57 Crs.)		
Previous Consent Validity	31.12.2001		
Industry Type	R74 Sugar (excluding Khandsari)		
Industry Category	Red		
Compliance Of Water Pollution Related Conditions	YES ()	NO ()	
	Details :- Total Water consumption is 725 CMD. Industrial effluent Details: a. Quantity: 500 CMD. (Exceeding as per the CREP Norms 100 Lit/ ton cane crushed) b. Treatment: ETP is provided with Secondary treatment based on Activated Sludge Process. c. Disposal: As per the application area available for the disposal of the treated effluent is 50 Acres, However SRO has issued query letter for the submission of land details.		
Compliance Of Air Pollution Related Conditions	Mechanical Type of Dust collector is provided as an APC to two nos of Bagasse fired Boiler.		
Water Cess	Assessment Done :	Paid Upto :	
BG Details	Amount :	Validity :	
	BG Obtained against :		
	Details of BG forfeited/encashed , if any :		
Submission of Environmental Statement	Period		

Maharashtra Pollution Control Board

Other Relevant Information	a) Industry is located at 1.2 KM Warna River (A-II Class), b) Previous consent validity is 2001, c) Unit is not in operation from last 7 Years, d) Industrial effluent generation quantity is more than the CREP norms, e) 15 Days storage tank for the treated effluent is not provided.
Recommendation of SRO/RO	SRO office has issued letter for discrepancies dt.10.10.2014, industry has requested to extend the time for submission of information vide letter dt.29.10.2014. SRO reported that as Now no body can enter in the industry, we may consider the consent after submission of required information and total completion of revamping of mfg. units, ETP, Boiler and APC system and treated effluent disposal system.
