## MAHARASHTRA POLLUTION CONTROL BOARD

### Establish Cases

#### CAC Item No. 01

**Name of Industry:** M/s. Umicore Autocat India Pvt. Ltd  
S, No. 1295,1296,1122,1140 &1129,  
vill-Mouje Shirwal,Tal: Khandala, Dist- Satara.

1. Application received at RO Pune on 22/04/2013 and at HQ on 08/05/13.
2. Industry proposes to mfg of emission control catalysts, precious metals containing solution and slurry/cake .
3. Industry has submitted distance certificate from Irrigation Dept. However in this certificate the s.nos. 1122 , 1129 & 1140 is not included. Also distance issued by the irrigation department does not give clarity about distance from HFL of river. Query sent to industry and RO/SRO. but reply is awaited.
4. Applied CI Rs 90.76 cr
5. IE :- 16 CMD. DE: 8 CMD. ETP proposal comprising primary, secondary and tertiary system.
6. Disposal: On land for gardening within own premises.

Since the case is for C to E & proposed location is proximity to notified river Nira in A -II class, it would be appropriate to take the decision about grant of C to E after confirmation of RRZ distance criteria.

# MAHARASHTRA POLLUTION CONTROL BOARD

## CAC Item No. 02

**Name of Industry:** M/s. WCL Penganga Opencast Project,  
Post: Sakhara (Kol), Tal: Wani, Dist: Yavatmal.

1. Applied for consent to Establish.
2. Industry has obtained Environmental Clearance from MoEF dated 31.01.2013.
3. Total Capital Investment of the industry is Rs.339.77 Crores.
4. Mine lease area is within 1.0 km from A-II Class river does not satisfy RRZ Policy.

Application for Consent to Establish. Mine lease area within 1.0 km from A-II Class river.  
Unit has not yet paid mining charges of Rs.0.40 T/A.

In view of above, due to non-conforming of RRZ policy we may issue SCN for refusal of consent.

## MAHARASHTRA POLLUTION CONTROL BOARD

### CAC Item No. 03

**Name of Industry:** M/s. Manikgarh Cement,  
P.O. Gadchandur, Tal: Korpana,  
Dist: Chandrapur.

1. Applied consent to Establish for use of alternate fuel i.e. pet coke & lignite as a fuel in Kiln & CPP. .
2. Existing Unit Consent is valid up to 31.03.2014.
3. The Capital Investment of the industry is Rs.409.36 Crores

Application for permission to use/Substitute 15% of Natural Coal with Pet Coke (No additional Investment). Existing consent is valid up to 30.03.2014. AAQM/Stack results are exceeding.

We may put up the issue before CAC for further discussion.

## MAHARASHTRA POLLUTION CONTROL BOARD

### CAC Item No. 04

**Name of Industry :** M/s. Hogan's India Pvt. Ltd.,  
Plot no. D-96, D-97, MIDC Ahmednagar,  
Ahmednagar

1. Industry has submitted application for grant of consent to establish to installation of ladle refining furnace on 01.02.2013.
2. Application received at H.Q. on 18.04.2013.
3. Industry has obtained consent to operate which is valid up to 31.03.2015.
4. RO- Nashik has recommended case for grant of consent to Establish..

Recommended case for grant of consent to Establish to installation of ladle refining furnace.

## MAHARASHTRA POLLUTION CONTROL BOARD

### CAC Item No. 05

**Name of Industry:** M/s. Reliance Industries Limited (Nagothane Manufacturing Div.), Nagothane Manufacturing Div, Nagothane , Dist-Raigad.

1. Application for Consent to Establish (expansion)
2. Application received at SRO on 08/04/13 and at HQ on 13/06/13.
3. Adjoining river Amba not notified.
4. Proposed products attract E.C.
5. To ascertain adequacy of existing ETP needs to obtain feasibility study report carried out if any along with designed details.
6. Details about effluent disposal into the estuary of Amba River to be called from project proponent.
7. Also needs to obtain details about pollution sources and control measures adopted measures by project proponent so as to ascertain the adequacy of Air Pollution Control Systems.

We may consider the case for C to E for expansion by imposing E.C condition and additional conditions if required

# MAHARASHTRA POLLUTION CONTROL BOARD

## 1<sup>st</sup> Operate Cases

### FRESH AGENDA

#### CAC Item No. 01

**Name of the Industry:** M/s. B.S. Ispat Ltd.,  
Vill: Salari Yensa, Tal: Warora,  
Dist: Chandrapur.

1. Applied for renewal of consent for Sponge Iron Plant-60000 TPA and first consent to operate for Captive Power Plant of 15 MW capacity (4 MW from WHRB and 11 MW from AFBC Boiler)
2. Earlier Consent is valid up to **30 4.2013 for existing SIP & Consent to Establish for 25 MW CPP, SIP & Steel Plant obtained.**
3. Total Capital Investment of the industry is Rs. 160.72 Crores.

The Case for renewal of Consent with 1<sup>st</sup> Consent to Operate for 15 MW Power Plant. Existing validity is 30.04.2013. Consent to Establish is obtained for 25 MW Power Plant but now applied for 15 MW Power Plant only. The piping work of fly ash silo is remaining. CAAQMS work remaining. Needs to reconfirm about Consent to Establish/Renewal compliance from RO/SRO. Being Sponge Iron the adequacy of A.P.C. may be determined only after getting sufficient No. of JVS results.

In view of above we may keep the case in abeyance till the completion of requisite pollution control system and obtaining results and compliance from RO/SRO.

## MAHARASHTRA POLLUTION CONTROL BOARD

### CAC Item No. 02

**Name of Industry:** M/s. Balkrishana Industrial Ltd.,  
Plot B-66, MIDC Waluj Dist- Aurangabad

1. Application received at SRO Aurangabad I on 11/03/2013 and at HQ on 07/05/13.
2. Capital Investment is Existing Rs 130.40 Cr, Expansion Rs 59.27 Cr, Total Rs 189.27 Cr
3. Applied for Renewal & 1<sup>st</sup> Operate with amalgamation.
4. Industry engaged in mfg of tyre and tubes.
5. Existing consent was valid up to 31.03.2012. C to E granted by Board on 06/07/2012.
6. Total sewage generation is 110 CMD and industry has provided STP of capacity 100 CMD, which seems to be inadequate.
7. Industry has installed coal-fired boiler with ESP as pollution control system.
8. RO has issued SCN on 21.3.13 for exceeding the JVS standards (air and water).
9. Old boiler is equipped with dust collector and with lime stone treatment for SO<sub>2</sub> reduction.
10. Proponent proposes to use pet cake as fuel instead of coal.
11. RO Aurangabad has recommended that, consent may be granted by imposing BG condition as per legal matrix towards O & M of STP.

Considering the non provision of Industrial effluent treatment facility and exceeding the results of STP and taking effective steps towards enhance production without obtaining C to O for expansion, it recommended for plain renewal and SCN for refusal for 1<sup>st</sup> C to O for expansion. It is proposed to impose the condition towards timely provision of primary treatment facility for Indl effluent with BG of Rs 5 lakh and impose the condition for BOD, SS and COD limits 30mg /l, 100mg/l and 250mg/l respectively with BG of Rs 5 lakhs.

# **MAHARASHTRA POLLUTION CONTROL BOARD**

## MAHARASHTRA POLLUTION CONTROL BOARD

CAC ITEM No. 03

**Name of Industry: M/s Unilever Industries Pvt Ltd, C-09 part, MIDC Khamgoan, Dist-Buldhana.**

**Remarks from AST**

- Application received at Amravati on 04/04/2013
- Application received at HQ on 14/05/2013.
- Industry has applied for consent to first operate for manufacture of Aerosols of 10.8 millions cans/M.
- Board has granted C to E dated 24.02.2012 for production of 7.5 millions cans/M.
- Proposed I.E. – 3.9 CMD, ETP consist primary, secondary & tertiary treatment of capacity 50 CMD. Partly will be recycled and remaining will be used for gardening/irrigation. Proposed D.E: 6.16 CMD. D.E will be treated in the ETP.
- ETP of 50 CMD is provided for both I.E and D.E.
- The steam generated in their sister concern M/s Hindustan Unilever Ltd, C-9, MIDC Khamgoan will be utilized.
- Industry has taken the membership of CHWTSDF at Butibori.
- Industry has reported that though the production quantity has increased from 7.5 to 10.8 millions cans/M. there will not be any increase in pollution load in r/o effluent.
- SRO has recommended for grant of consent to operate
- We may consider the case for first consent to operate up to 31.01.2014 as per sectoral approach by imposing the following conditions:
  1. To modify the ETP capacity (50 CMD) as per the existing effluent generation qty ( 10 CMD )so as to meet the consented norms.
  2. To store and dispose off the molecular sieve waste containing mercaptants scientifically so as to avoid smell nuisance in the surrounding areas.
  3. To keep gas detectors always in working conditions.
  4. B.G of Rs 5 lakhs towards O & M.

*[Handwritten signature]*  
17/6/13

## MAHARASHTRA POLLUTION CONTROL BOARD

## Resubmission

### CAC Item No. 01

**Name of Industry:-** **M/s. Mandhana Weaving House (Shirting Division),  
C-2 MIDC, Tarapur Boisar, Thane**

1. Industry has applied for renewal with amalgamation of Consent. Application received at SRO on 12.12.12 & at HQ on 02.02.13
2. Earlier Consent of Dyeing was valid till 31.12.12 and CtoE was issued for expansion of weaving activity. ?Textile industry involving dyeing activity. ?Capital investment is 125.84 Cr ..
3. I.E generation 230 CMD Provided Primary ,Secondary and tert. treatment plant. ?JVS results dtd 29.03.12,19.04.12/24.05.12,24.07.12 are within limits.
4. Treated effluent is sent to CETP for further treatment and disposal.
5. Member of CHWTSDF.. For Coal fired boiler cyclone separator with wet scrubber provided.
6. Industry has submitted cess returns upto 31/08/2012
7. Industry has submitted Env't statement for the year 2011-12.
8. SRO , RO reported that ind has not made any Provision of recycle or reuse of effluent. ?Proposed directions were issued to industry on 12.01.12 for unscientific storage of fly ash.
9. RO reported ambient air Monitoring results dtd 18.09.12 are highly exceeding standards, Ind is consistent defaulter.
10. Application was discussed in CAC dtd 19.03.13 & decided to call recent JVS results. The results are exceeding marginally in respect of COD on dtd 12.02.13.
11. We may renew the consent.

# MAHARASHTRA POLLUTION CONTROL BOARD

## CAC Item No. 02

**Name of Industry:** M/s. Maharashtra State Power Generation Co. Ltd.,  
Khaperkheda Thermal Power Station  
Khaperkheda, Tal: Saoner, Dist: Nagpur.

1. Renewal of consent for Power plant i.e. 1 x 500 MW.
2. Earlier consent of 1 x 500 MW Power Plant is valid up to 30.06.2013.
3. The Capital Investment of the industry is Rs.3376.84 Crores

Capital Investment increased by 157.18 Crores. Work of ash Handling System/Silo is not yet Completed. Analysis results of Air is not within the consented norms. RO/SRO has recommended for forfeiture of Existing B.G. Additional Consent fee not yet submitted. Cess/Env. Statement details are not yet furnished.

In view of above we may issue SCN for refusal of consent.

# MAHARASHTRA POLLUTION CONTROL BOARD

## CAC Item No. 03

**Name of the Industry:** M/s. Shree Sidhali Ispat Ltd.,  
MIDC, Tadali Growth Center, Chandrapur.

1. Applied for renewal of consent.
2. Earlier Consent validity is up to 31.12.2012.

The case was discussed in CAC held on 19.03.2013 and it was decided to issue SCN. Accordingly SCN was issued on 03.04.2013. Industry has submitted the reply to SCN. RO/SRO yet not submitted the compliance report.

In view of above, we may grant the renewal up to 31.12.2013 with forfeiting of existing Bank Guarantee of Rs.10/- Lakhs due to non-compliance and exceeding results & obtaining double amount B.G.

# MAHARASHTRA POLLUTION CONTROL BOARD

## CAC Item No. 04

**Name of Industry:** M/s. WCL Durgapur Opencast Mine,  
WCL Durgapur Opencast Sub area, Durgapur,  
Tal & Dist: Chandrapur.

1. Applied for Renewal of consent with Amalgamation.
2. Earlier Consent of existing unit was valid up to 31.12.2012 for coal mining 2.3 mtpa.
3. Consent to Establish for expansion project of coal mining from 2.3 mtpa to 3.0 mtpa obtained.

The case was discussed in CAC dated 19.03.2013 and it was decided to issue Show Cause Notice for refusal of consent for non-compliance of consent conditions. Accordingly show Cause Notice was issued on dated 03.04.2013. Industry submitted reply of SCN to the Board. As per status report submitted by RO/SRO dust emissions were observed at receiving hopper, other points. AAQM Results are exceeding the standards.

In view of above, we may grant renewal up to 31.12.2013 with forfeiting the existing Bank Guarantee and obtaining fresh Bank Guarantee of Rs.10/- Lakhs towards O & M.

# MAHARASHTRA POLLUTION CONTROL BOARD

## CAC Item No. 07

Name of Industry:

**Arshiya International Ltd.,  
( Free Trade Warehousing Zone)  
At Vill. Sai, Tal. Panvel, Dist- Raigad.**

1. Resubmission Case was placed before 24/12/2012 wherein it was decide to issue show cause notice for refusal of consent.
2. Application for Renewal of Consent
3. Application received at SRO on 14/09/2012 and at HQ on 03/12/12
4. SCN issued vide No. BO/RO(HQ)/SCN/B-82 dated 04/01/2013; for-
5. RO has recommended that consent may be granted after receipt of fees and with condition of no generation of effluent, and not to store Hazardous chemicals above threshold limits.
6. The firm in its reply dt. 24/04/2013 wherein it is stated that, the increase in C.I. is due to repairs and relying of roads, additions of Building management system, augmentation anf modification of Electrical and security system
7. Consent may be granted, with BG of Rs. 10 lacs for operation and maintenance of STP and MSW processing plants.

# MAHARASHTRA POLLUTION CONTROL BOARD

## CAC Item No. 08

**Name of Industry:** M/s. SI Group India Ltd  
Plot No D-2/1, TTC MIDC Thane-Belapur Road,  
Navi Mumbai.

- Applications recd at RO Navi Mumbai on 02/02/2012.
- Application recd at HQ on 18/05/2012.
- Existing unit engaged in chemicals. Existing consent Valid up to 31.12.2013. Applied for amendment with respect to Change in product mix. Industry has proposed to delete the existing two products, phthalates & phosphate plasticizer of total quantity 7250 MT/A and increasing the production quantity of existing product Isophorone 4000 MT/A to 11200 MT/A i.e. increased 7200 MT/A.
- Existing I.E. 1021 CMD. Proposed IE- 110 CMD. Existing D.E. 126 CMD. ETP provided, comprising primary, secondary & tertiary. Disposal – Into CETP.
- Industry has stated that, for the current mfg activity IE is 750 CMD generated and after change in product mix, additional 110 CMD will be generated and total effluent load on ETP is 860 CMD, which will be within consented limit. The existing ETP seems to be adequate to take additional effluent quantity from proposed product mix.
- Existing air pollution control system may not be sufficient especially at boiler where PP proposes to use HW as fuel.
- Industry has submitted “No increase in pollution load” certificate from ICT, Matunga, Mumbai.
- The information called from industry & RO /SRO NM by e-mail on dated 19/7/2012, 15/9/2012 & 08/10/2012 reg submission of CA certificate, Details of HW, Env. Statement, Cess Payments, JVS reports , and justification for increase in CI, but they are failed to submit the desired information.
- Earlier the case was discussed in CAC meeting held on 26/11/2012 & it was decided to issue SCN for refusal for non submission of additional consent fees, CA certificate, details of HW, Env.statement cess payment & justification for increase in CI .Accordingly SCN was issued. Industry has submitted reply to SCN along with self pollution load Performa.
- It is seen that after change in product mix there will be increase in HW (1500 MT/A) which will be use as a fuel in boiler .hence IE ,HW & air emissions increases .
- RO Navi Mumbai has recommended that, amendment shall be considered after receipt of additional consent fee Rs 1.00 lac and submission of CA certificate. Details of HW, Env. Statement, Cess Payments, and justification for increase in CI.

As there is increase in pollution load due to proposed product mix we may not consider the proposal about change in product mix.

## Review Item No. 05

**Name of the Industry:** M/s. Jayaswal Neco Industries Ltd.,  
T-41/42, MIDC Hingna, Nagpur.

As per decision taken in CC meeting held on 15.02.2013, R.O. Nagpur has been directed to forfeit the B.G. of the industry vide e-mail dated 5.3.2013 and issued consent to establish for expansion vide letter No. CC-1864 dated 01.03.2013.

Industry vide letter dated 15.03.2013 received on 16.03.2013 has submitted the appeal against the order for deduction of 50% of existing BG.

The matter is placed for decision before CAC.

# MAHARASHTRA POLLUTION CONTROL BOARD

## Review Item No. 06

**Name of the Industry:** M/s. JSW Steel Ltd.,  
A-10/1, MIDC Kalmeshwar, Nagpur.

The Board has granted consent to M/s. JSW Steel Ltd., A-10/1, MIDC Kalmeshwar, Nagpur which is valid up to 31.7.2013. The industry has submitted the bank Guarantee of Rs.5/- Lakhs towards compliance of directions and operation and maintenance of pollution control system so as to achieve consented standards.

Regional Officer, Nagpur vide consent processing report of consent to operate has submitted the analysis results of stack and ambient air quality monitoring of existing unit which are exceeding the standards.

In CAC meeting held on 31.01.2013 it was decided that HOD shall put up separate note towards initiation of action against existing unit for not complying with the standards. Hence, it is recommended to forfeit the bank Guarantee of Rs.5/- Lakhs of existing unit for not achieving the consented standards.

Submitted for decision in CAC.

# MAHARASHTRA POLLUTION CONTROL BOARD

## Review Item No. 07

**Name of Industry: Reliance Industries Limited (Nagothane Manufacturing Div.) ,  
Nagothane Manufacturing Div, Nagothane , Dist-Raigad.**

1. Application for Consent to Establish (expansion)
2. Application received at SRO on 08/04/13 and at HQ on 13/06/13.
3. Adjoining river Amba not notified.
4. Proposed products attract E.C.
5. To ascertain adequacy of existing ETP needs to obtain feasibility study report carried out if any along with designed details.
6. Details about effluent disposal into the estuary of Amba River to be called from project proponent.
7. Also needs to obtain details about pollution sources and control measures adopted measures by project proponent so as to ascertain the adequacy of Air Pollution Control Systems.
8. We may consider the case for C to E for expansion by imposing E.C condition and additional conditions if required based on the above submission from project proponent.

# MAHARASHTRA POLLUTION CONTROL BOARD

## Review Item No. 08

**Name of the Industry:** M/s. MAHAGENCO,  
Koradi Thermal Power Station,  
Nagpur

1. R.O. Nagpur Recommended for forfeiture of Bank Guarantee of Rs.5/- Lakhs due to non-compliance of consent conditions issued by the Board vide letter dated 23.12.2011
2. Effluent is discharging into nallah / river.
3. Analysis results of stack monitoring and AAQM are exceeding the standards.

In view of above, we may forfeit the Bank Guarantee of the unit and also directed to deposit Rs.10/- Lakhs to seek the compliance.

# MAHARASHTRA POLLUTION CONTROL BOARD

## Review Item No. 09

1. **Name of Industry:** **M/s. Polygenta Technologies Ltd.,**  
**Gut No. 265/2-266, Village Avankhed, Tal. Dindori,**  
**Dist. Nashik**

1. As per CAC decision in 8<sup>th</sup> meeting dtd. 24/12/12, renewal of Consent to Operate was granted upto 30/11/2013 subject to condition forfeiture of B.G. of Rs. 1.0 Lakh out of Rs. 5.0 Lakh of B.G. submitted.
2. Firm has requested vide letter dtd. 24/01/13 recd. at HQ on 30/04/13 informing that previously limit of BOD upto 100 mg/l was stipulated in the Consent granted on 17/10/2008. Thereafter, BOD standard was mentioned as 30 mg/l which could be due to oversight or typing error and the same was carried forward.
3. The industry has requested to reconsider the decision of forfeiture of B.G. of Rs. 1.0 Lakh and grant amendment of Consent to Operate for revision of BOD standard from 30 mg/l to 100 mg/l.
4. The CAC on 24/12/12 has taken a decision about forfeiture of B.G. of Rs. 1.0 Lakh out of Rs. 5.0 Lakh due to non-confirming JVS results. Also, the decision about stipulating stringent BOD standards of 30 mg/l has also taken by the Competent authority after due deliberation.

In view of above, we may not consider the request about waiving of decision about forfeiture of B.G. of Rs. 1.0 Lakh and relaxation of BOD standards to 100 mg/l

5. We may issue letter to the industry to comply with decision of CAC about forfeiture of B.G. of Rs. 1.0 Lakh.

Submitted for taking suitable decision in CAC please.

# MAHARASHTRA POLLUTION CONTROL BOARD

## Review Item No. 10

**Name of Industry:** **M/s. Bharat Petroleum Corp. Ltd.  
(Mumbai Bijwasan Pipi Line),  
Mahul, Mumbai**

1. Letter of M/s. BPCL for amendment in consent to operate.
2. Consent issued vide No. CAC-320 date 23/02/2012; valid upto 30/06/2013 for:  
Transport of petroleum products from Manmad Terminal to the Boundary of Maharashtra before entering into Madhya Pradesh for 170 Kms.
3. Amendment desired for:  
Transport of petroleum products from Mumbai dispatch Terminal including IPS Washala, IPS Manmad, IPS Jawkheda and SV station (SV-01A to SV 21) to the Boundary of Maharashtra before entering into Madhya Pradesh for 422 Kms.
4. SRO has reported that during renewal of consent unit has applied for total pipeline project as per amendment is desired; however consent was granted from Manmad Terminal to the Boundary of Maharashtra before entering into Madhya Pradesh for 170 Kms and has recommended the case for amendment in consent.
5. We may consider the amendment as desired by the firm by obtaining BG of Rs. 5 lacs for compliances of consent conditions.

# MAHARASHTRA POLLUTION CONTROL BOARD

## (Renewal Cases)

### Fresh Agenda

#### CAC Item No. 01

Name of Industry :- **M/s. Mudra Lifestyle Ltd.,  
Plot No. D-1, MIDC, Tarapur,  
Tal. Palghar, Dist. Thane**

1. Applied for renewal of Consent. Application received at SRO on 19.12.12 & at HQ on 3.01.13.
2. Textile industry
3. Two treatment Plants are provided. Secondary treatment with capacity 3MLD & Primary & Tert. treatment of Capacity 115 CMD.
4. Second ETP is provided after restart directions issued by Board on 26.04.2010.
5. As per report of SRO both ETPs are in operation.
6. Provided 10KI/hr caustic recovery plant.
7. For coal fired boiler and thermopack provided mechanical type of dust collector followed by bag filter and syack of 37 mtrs.
8. Proposed directions were issued on 10/01/2012 for not providing secondary treatment facility, not providing scrubber to coal fire boiler, not maintaining record pertaining to generation and disposal of hazardous wastes and discharging sub-standard effluent to TEPS-CETP.
9. Voluntary closure directions were issued on 29/5/2012 for consuming excess water and thereby generating excess effluent than the consented quantity, not disposing hazardous wastes to CHWTSDf and not submitting B.G. in accordance with Interim directions issued on 24/01/2012.
10. Once again proposed directions were issued on 01/11/2012 for excess water consumption in the month of Sept. 2012 and not filing cess returns. This also amounts to violation of one of the conditions of restart orders issued on 28/6/2012 against voluntary closure directions .
11. Now, once again the industry is found to be grossly violating consent conditions by discharging untreated effluent in local nalla and also causing sever air pollution as observed from S.R.O. Tarapur-I's report dated 29/01/2013. Complaint was received by S.R.O. Tarapur-I in this matter.
12. RO recommended for refusal of consent. RO reported that Office note for approval for issuing closure directions to the industry is submitted on 29/12/2012 for the reason of excess water consumption in the month of Aug. 2012 and Nov. 2012 along with other industries.
13. It is recommended to issue SCN for refusal of consent & also to concern HOD to Consider Closure proposal on priority.

Name of Industry:-

**M/s. First Winner Industries Ltd.,  
N-66, MIDC Tarapur,  
Dist. Thane**

1. Applied for renewal of Consent with increase in C.I due to additional Weaving machines. Application received at SRO on 28.08.12 & HQ on 30.10.12.
2. Textile Processing involving Dyeing, sizing & weaving.
3. IE Generation 283 CMD provided Secondary & tert. Treatment followed by RO system.
4. JVS results dtd 23.02.2012 are within prescribed limits.
5. Treated effluent is 100% recycled & reused.
6. ETP sludge is sent to CHWTSDF..
7. Furnace oil fired boilers .
8. Cess returns submitted upto Aug 2012.
9. Consent fees paid upto 31.10.2015.
10. SRO Tarapur recommended for grant of Consent upto 31.10.2015.
11. Recommended for grant of renewal of consent with amalgamation of existing consent upto 31.01.16 by calling additional fees for three months.

# MAHARASHTRA POLLUTION CONTROL BOARD

# MAHARASHTRA POLLUTION CONTROL BOARD

**Name of Industry: M/s Bharat Petroleum Corporation Ltd, Refinery, Mahul,Chembur, Mumbai-74.**

**Remarks from AST**

- Application received at RO Mumbai on 01/04/2013
- Application received at HQ 08/05/2013
- Industry is engaged in manufacturing of Petrochemicals holding consent valid up to 30/04/2013. Industry has applied for renewal.
- I.E generation from CCR is 229 CMD which is treated in the existing ETP consisting of primary and secondary treatment of capacity 5760 CMD. Existing trade effluent quantity is 2856 CMD. Treated effluent is recycled as make-up water into raw cooling water recirculation.
- Adequate APC devices have been provided.
- MPCB has granted C to E for CCR of 1.2 MMTPA dated 18/10/2011. Industry has obtained EC dated 28.04.2008 to CCR capacity of 0.9 MMTPA. Now Industry has submitted the proposal regarding grant of EC for increase in capacity from 0.9 to 1.2 MMTPA to MoEF. The final presentation before EAC has been given by the industry on 08/01/2013. However actual EC has not been accorded.
- Industry has membership of approved landfill site of TTCWMA located at Mahape and member of MWML at Taloja. Mechanical recovery followed by bioremediation is used as treatment for oily sludge.
- Capital investment of CCR project has increased from Rs 775 to Rs 1827 crores.
- RO Mumbai has recommended to grant consent to operate after obtaining EC and NOC for locational clearance and clearance from MCZMA regarding CRZ policy.

The information about applicability of locational clearance has been sought from the project proponent. It is understood from the project proponent that they have applied for EC about enhanced capacity and are expecting EC copy within 15 days. We may consider the case for grant of 1<sup>st</sup> C to O subject to receipt of EC copy for enhanced production capacity or issue C to O for the quantity mentioned in the previous EC with B.G of Rs 5 lakhs towards O & M.

## CAC Item No. 11

**Name of the Industry:** M/s Zydus Nycomed Healthcare Pvt Ltd.,  
Plot No C-4, TTC indl area, MIDC, Pawane,  
Thane Belapur Road, Navi Mumbai

- Application recd to RO Pune 01.02.2013.
- Application recd at HQ on 01.04.2013.
- Industry engage in Mfg. of Basic Drugs.
- Now applied for renewal of consent with increased CI from Rs 88.18 cr to 140.21 cr and for inter change in production quantity and kept total quantity same as per existing one.
- Existing I.E. – 200 CMD, proposed IE 205 CMD, Existing D.E. - 25 CMD. Proposed DE – No change. Primary, secondary and tertiary treatment provided.
- 20 CMD High TDS and High COD & BOD effluent is treated in Tripple effective evaporator plant and weak stream i.e 25 CMD domestic effluent, 90 CMD effluent from process and 90 CMD effluent from utility is treated in ETP. 90 CMD is boiler & cooling tower blowdown.
- JVS results are within limits except COD parameter collected on 18.6.2012.
- Clarification called from industry for increase CI. Industry stated that, due to modernization of plant, furniture, computers and decanter machine etc.
- **Due to CI increased industry fall in CAC category.**
- CA certificate shows CI is Rs 130.65 cr.
- Industry has hide their actual investment at the time of renewal or otherwise now they had made expansion.
- Industry has claimed that, there is no increase in pollution load with all respect. However there is increase in air emission (SPM/TPM) and also there is increase in HW quantity.
- Industry has submitted pollution load proforma stating no increase in production and pollution load. However unit has not submitted the NO increase in pollution load certificate from technical institute.
- There is also violation of EC condition wrt specific & general.
- RO Pune has recommended for grant of renewal of consent upto 31.03.2016 under CAC category based on no increase in pollution load certificate from competent authorities.

As there is increase in pollution load in air and Hw, also not submitted No increase in pollution load certificate from recognized institute, we may consider only plain renewal of consent with Board Resolution and BG of Rs 2 lakh towards increase in CI and BG of Rs 5 lakhs towards not to take any effective steps towards change in product mix.

## CAC Item No. 12

**Name of Industry:** M/s. Balaji Amines,  
Plot No E-7 & 8, MIDC Chincholi,  
Tal. North Solapur

- Application recd to RO Pune 02.05.13
- Application recd at HQ on 10.05.2013.
- Industry engaged in Mfg. of Synthetic Organic Chemicals.
- Now applied for renewal of consent with increase in CI from Rs 42 cr to 143.10 cr. Industry has submitted the Justification for increased CI.
- Due to increase, CI this case falls under CAC category.
- Being zero discharge unit JVS was not collected. However, for confirmation at least quarterly JVS needs to be carried out.
- Industrial effluent is separated in two streams, for High COD and Low COD.
  - For High COD- Forced evaporation system provided.
  - For low COD – Primary and RO system provided and achieve Zero discharge.
- RO Pune has recommended for grant of renewal of consent subject to clarification for increase investment.

New entry to CAC. We may consider the case for renewal of consent with increase in CI by imposing following conditions:

- i. Board Resolution with BG of Rs 2 lakh towards increase in CI without Board permission.
- ii. Operational BG of Rs 5 lakhs.

## CAC Item No. 13

Name of Industry:- M/s. Indorama Synthetics(I) Ltd.,  
Power plant, A-31,A-31P, A-31P/1,  
A-40 to A-45, MIDC Butibori, Nagpur.

1. **Applied for renewal of consent (Power plant of 11MW). Application received at SRO on 06.04.13 & at HQ on 28.06.13**
2. **Existing** Polyester, Captive Power plant & coal fired HTM heaters.
3. **Consent is valid till 31.05.2104** Existing Capital investment 2928.34 Crores .
4. For this coal based power plant C.I is RS 23.63 crores. Total 2952.62 Crores.
5. 11MW coal based power plant. Obtained Environmental Clearance for power plant.
6. IE generation 156 CMD mainly due to cooling tower blow down. The effluent is treated in ETP of existing industry & treated effluent is sent to CETP Butibori for further disposal.
7. JVS results are fluctuating. Two JVS results dtd 06.03.13 & 04.04.13 are within limit however dtd 12.02.13 are exceeding in respect of BOD,COD & SS.
8. Provided ESP as an Air pollution control equipment. Stack Monitoring results are exceeding the standards.
9. Existing Ind has submitted Cess returns upto feb 2012 & paid Cess up to 31/03/2011
10. Environmental statement for year 2010-2011 is submitted.
11. As per report of SRO Nagpur-II out of 8 directions of restart orders issued on 1.02.2011, ind has complied 6 directions & for one direction ind has approached to MIDC authority for allotment of land .Ind requested for relaxation/Wavier of condition of installation of Ozonization plant instead of chlorination for cooling tower effluent.
12. Out of B.G of Rs 10.0 lakhs B.G of Rs 1.0 lakh is forfeited by Board & B.G of Rs 9.0 lakhs is valid till 16.09.2013.
13. WE may issue SCN for refusal

# MAHARASHTRA POLLUTION CONTROL BOARD

## CAC Item No. 14

**Name of Industry :** M/s. Godavari Bio-Refinery Ltd.,  
Sakharwadi Tq. Kopergaon,  
Dist. Ahmednagar.

- Applied for renewal of consent with same production qty..
- C.I. of Rs. 84.78 Cr.
- Category RED/LSI.
- Stand alone distillery with (Molasses based).
- Water consumption -1260 CMD.
- Industrial Effluent. 720 CMD.
- Domestic effluent 100 CMD.
- SRO Reported.
  - a) Kattcha pit not scrapped.
  - b) Not achieve zero discharge.
  - c) Stack provided with mechanical dust collector.
  - d) Processed for refusal.
- Industry reply.
  - a) Kachha Pit scrapped.
  - b) RO provided for treated effluent. The permeate (pure water) around 600 m<sup>3</sup>. Which is recycled as make up water to cooling tower. Reject of 200-300 m<sup>3</sup> is composted.
- Compost yard of 7.6 acre provided and submitted.
- ESP provided to 2 nos. boilers and bag filter provided to 1 boiler.
- **Case was discussed in CC meeting dated 18.01.2013.**

### RE – SUBMITTED

- 1) The said case was discussed in cc meeting at that time case was under purview of CC Committee.
- 2) Now the said cases comes under CAC purview as capital investment of the industry is Rs. 84.78 Cr.
- 3) SRO Ahmednagar visited to said industry on 29.01.2013 on the basis of water pollution complaints of received from farmers wells.
  - a) The R.O. system was not in operation & effluent was being taken after Bio-methanization for composting.
  - b) The industry has provided two kachha lagoons back side of Bio-digester plant and having capacity about 5000 M<sup>3</sup> & 50,000M<sup>3</sup> in which untreated effluent was stored.

## MAHARASHTRA POLLUTION CONTROL BOARD

- c) Pakka lagoons having capacity 30,000 M<sup>3</sup> , 8000M<sup>3</sup> , 40, 000 M<sup>3</sup> & 40,000 M<sup>3</sup> provided for storage of effluent.
- d) There are around 100 Nos. Kachha lagoons which are in dry condition but yet not scrapped.
- 4) SRO submitted proposal on 25.02.2013 to RO Nashik to initiate legal action against industry.
- 5) RO issued interim direction to industry on 21.03.2013 & forfeited the B.G.of Rs.1.0/- Lakh. As industry failed to scrap the katcha laggon.
- 6) RO imposed additional BG of Rs. 3.0 /- Lakh .
- 7) Earlier CPCB Officials visited to industry & issued stop work direction on 15.02.2011.
- 8) CPCB issued direction on 25.04.2011 to submit BG of Rs. 20.0 Lakh. & industry had submitted BG to CPCB which was valid up to : 13.5.2012.
- 9) Industry has submitted BG of Rs. 3.0 Lakh to Regional Office Nashik against the Interim direction issued by R.O. dated 21.03.2013. BG valid up to:
- 10) From the above report submitted by SRO it seems that the industry is frequently failed to comply the CREP guide lines.

As per instruction mail was sent to RO/SRO on 08.04.2013 to submit verification report on point raised/mentioned by company in its letter dated 31.12.2012.

In view of the above, RO/SRO has submitted point wise verification report by mail on 26.04.2013.

### 1)

- a) Industry has provided anaerobic digester followed by R.O. and bio-composting.
- b) During the visit of Board official on 16.04.2013, the R.O. plant was not in operation.
- c) 30 days leak proof storage tank provided as per CREP guidelines.
- d) 5 days HDPL lined storage tank provided for untreated effluent.
- e) 7.6 acres Compost yard with HDPL lined & bricks on edge provided.

### 2)

- a) About 100 nos. Kacha Solar pits scrapped & leveled by industry.
- b) Provided cantor bund so as to avoid mixing of rain in river

### 3)

- a) ESP provided to two boilers & MDC for one boiler.

### 4)

- a) Being there was no distillery operation, two boilers were not in operation only one boiler having ESP found in operation.
- b) Not observed discharge of boiler blow down & cooling tower blow down.

### 5)

- a) Septic tank with soak pit provided for domestic effluent.

### 6)

- a) Composting found in operation, compost found bagged in 50 Kg cap HDPE bags.

### **Again RO submitted mail on 17.05.2013.**

- A) Industry has provided two RO system for distillery effluent.
- B) 70 % recycle the effluent for cooling tower water make up.
- C) RO reject effluent generated 30% i.e. 126 M<sup>3</sup>.

## **MAHARASHTRA POLLUTION CONTROL BOARD**

- D) 7.62 acres land provided for compost.
- E) Personal hearing of industry has conducted on 29.04.2013 & decided RO/SRO visit the industry carry out the monitoring of the industry & submit the compliance report of the industry.

# MAHARASHTRA POLLUTION CONTROL BOARD

## CAC Item No. 15

**Name of Industry** : **M/s. Oswal F M Hammerle Textiles Ltd.**  
**Plot No. T-5, T-5 Part/1, Kagal – Hatkanagale,**  
**Five Star MIDC, Kagal, Dist - Kolhapur.**

- Industry has applied for **Renewal of Consent** with no increase in production and pollution load. It is **RED/LSI** unit.
- Previous C to R was valid up to 30.09.2012
- CI of industry was Rs. 228.75 Cr. now CI – Rs. 234.67 Cr.  
Increased in CI by Rs. Rs. 5.92 Cr. Industry has paid additional fees of Rs. 25,000/- for the same.
- Water consumption is - **1060 CMD; IE - 950 CMD; DE - 50 CMD**
- Industry has provided ETP comprising Primary, Secondary and Tertiary Treatment facility, treated effluent disposed to CETP.
- Provided septic tank followed by soak pit for treatment of DE.
- Industry has provided cyclomax and bag filter to boiler, Multi cyclone dust collector & bag filter to thermopack with common stack of 45 meter height as an APC system.
- Industry is member of CETP and CHWTSDF.
- Industry has paid Cess up to July 2012 and submitted returned up to Dec 2012
- Industry has submitted Environmental Statement for the year 2011-2012
- JVS results dt. **17.04.2012, 31.08.2012, 30.09.2012, 17.10.2012, 29.11.2012, 31.12.2012, 14.01.2013** are exceeding.
- Industry has submitted new BG of Rs.3 lakhs for O & M of ETP Rs. 2 lakhs for up-gradation of ETP and Rs. 2 lakhs for as per previous consent condition.
- Industry has not carried out up-gradation of ETP and Rs. 5 lakh BG was forfeited.
- SRO Kolhapur asked to submit BG of Rs. 10 Lakhs
- Industry has not yet submitted BG of Rs. 10 lakhs and not even submitted proposal of up-gradation of ETP.
- Industry has paid fees of Rs. 4,94,441/- for renewal of consent.
- SRO Kolhapur has recommended renewal of consent to operate up to 30.09.2013 with appropriate BG
- As per sectoral approach and uniform validity, this industry falls in month of January, we may obtain requisite fees of four months from industry before granting consent of industry if approved.
- It is noted that industry has not upgraded its ETP and not meeting JVS. Hence it is recommended to forfeit existing BGs and issue SCN for refusal of consent renewal considering effluent quantity, size of industry and exceeding JVS.
