Policy decision

Fresh Cases - Renewal of Consent to Operate of Sugar, Sugar & Co-gen

The agenda item placed before the Committee for the policy of sugar industries falls under CAC purview and CC purview regarding grant of Renewal of Consent to Operate was discussed in detailed and following decisions are taken –

- a. If industry is fully complied with the CREP norms, installed online monitoring system and maximum JVS reports are within Consented limit then Consent shall be granted. If JVS reports are exceeding the consented limit then, Consent may be granted by forfeiting appropriate BG as per the percentage of exceeding JVS results.
- b. If industry is fully complied with CREP norms but not installed online monitoring system then SCN for Refusal of Renewal of Consent shall be issued.
- c. If industry is fully complied with the CREP norms and installed online monitoring but having various other non-compliances such as excess crushing, discharge of effluent outside, JVS reports are highly exceeding the limit then SCN for Refusal of Renewal of Consent shall be issued.

					<p>d. In the case of excess crushing (more than 5000 TCD) then the case shall be referred to Environment Dept. / MoEF for EC violation. Similarly if the industry carried out excess crushing but below 5000 TCD then Consent shall be issued by forfeiture of BG and obtaining /imposing condition of BR for excess crushing & top-up BG for not to do excess crushing. Also issue directions regarding excess crushing.</p> <p>e. If CPCB issued the closure direction due to non-provision of online monitoring system and if industry has not obtained the restart order from CPCB, then SCN shall be issued.</p> <p>Considering ensuing crushing season the applications for renewal of consent of sugar and co-gen unit received at CAC and CC level shall be consider the above criteria for issue of renewal of consent. The issued consents shall be placed before ensuing CAC/CC meeting for appraisal.</p>

The meeting is ended with vote of thanks
