M/s. -----  
-----  
-----

Sub: Proposed directions under Section 33A of the Water (Prevention & Control of Pollution) Act, 1974, under Section 31A of the Air (Prevention & Control of Pollution) Act, 1981

Ref: 1) Consent to Operate issued vide letter No.

dated . valid upto .....

2) Your application for renewal of consent (where application is pending)

3) Show Cause Notice / Proposed Directions / Directions issued by the Board dtd. .... (last SCN / Proposed Directions/Directions issued by the Board)

4) Visit & inspection report of the Officers of the Board dtd. .. (latest visit and inspection report)

5) Results of Joint Vigilance Samples collected during last 6 months dated ..... & ..... (refer latest 3 JVS results)

.....

WHEREAS, it was obligatory on your part to comply with the various conditions imposed upon you in respect of the Corporate Responsibility for Environment Protection in your consent as under :

- (i) To achieve zero discharge of effluent outside your factory & disposal area
- (ii) To operate and maintain effluent treatment plant, so as to achieve the standards prescribed / laid down under the provisions of the Environment (Protection) Act, 1986.
- (iii) To start operation of effluent treatment plant at least one month before starting of sugarcane crushing, to develop the desired MLSS, so as to stabilize ETP at the time of starting crushing season.
- (iv) To provide 15 days storage capacity tank for treated effluent to take care of no demand for irrigation situation / period.
- (v) To reduce waste water generation to 100 liters per ton of sugar cane crushed to restrict to bare minimum.

- (vi) To provide comprehensive air pollution control and emission arrangement consisting of E.S.P./Dust Collectors with bag filters/Wet scrubbers/High Efficiency Scrubber as prescribed in the Consent / Directions, so as to achieve the standards laid down under the provisions of the Environment (Protection) Rules, 1986.

AND WHEREAS, you have not provided adequate air pollution control devices and emission system as per condition No.'vi' above, so as to achieve the standards laid down in the Consent, thereby non-complying with the C.R.E.P. Guidelines and causing air pollution by emitting air pollutants in excess of the standards laid down under the provisions of the Environment (Protection) Rules, 1986.

NOW THEREFORE, you are hereby directed to show cause as to why you shall not be directed to provide comprehensive air pollution control arrangement by upgrading existing air pollution, so as to achieve the standards laid down under the provisions of the Environment (Protection) Rules, 1986 / Consent granted to you within 4 months time duly supported by the bank guarantee of Rs.3 Lakhs, which shall be valid for a period of one year.

Your reply to this proposed directions shall be submitted within 15 days positively, failing which, the Board will have no option than to issue appropriate final directions, presuming that you have nothing to say about the confirmation of the directions, which please note.

Regional Officer, MPCB

3. Concerned HoD, MPCB, Mumbai – for information.

Copy to: Concerned SRO, MPCB, ..... – for information and necessary follow up.

**An abstract of the Minutes of Table Item circulated by Sr.Law Officer, MPCB, in the 11<sup>th</sup> Consent Committee Meeting held on 2/11/2012, regarding draft CREP directions, to be issued to the sugar industries,**

.....

Sr.Law Officer has circulated a copy of the proposed directions being circulated to all the Regional Officers in the Maharashtra for securing the compliances of the C.R.E.P. Conditions duly supported by the respective Bank Guarantees for perusal and finalization of legal matrix for all the C.R.E.P. non-compliances.

Joint Director(WPC) pointed out that there are major CREP conditions to be complied with and for each condition, separate bank guarantee has been prescribed.

After due deliberations, Member Secretary was of the view that the condition Nos.ii, iii, iv & v can be clubbed together and for the compliances of those conditions Rs.5 Lakhs bank guarantee is already being secured at the time of grant of consent by applying 5+2 Formula. Similarly, for the compliance of the conditions No.i, is already covered under the Bank guarantee of Rs.2 Lakhs.

However, for the condition No.vi, no bank guarantee has been prescribed and the most sugar units are operating without adequate and comprehensive air pollution control devices, thereby, causing air pollution. Hence, now the Regional Officers will give directions in respect of condition No.vi non-compliance and ensure that time bound proposals are received by issuing final directions after issuance of the proposed directions, within 30 days time.
