

MINUTES OF THE PUBLIC HEARING IN RESPECT OF M/s. INDIAN OIL CORPORATION LTD., MANMAD TERMINAL , MANMAD NADGAON HIGHWAY, VILLAGE NAGAPUR TAL. NANDGAON DIST. NASHIK FOR PROPOSED EXPANSION OF ISOLATED STORAGE TERMINAL WITH ADDITIONAL STORAGE TANKS FOR 42,940 KL HSD; 15,000 KL HSD (B5), 53,858 KL MS; 70 KL KSO; 1442 KL ETHANOL AND 540 KL BIODIESEL AT MANMAD BULK PETROLEUM TERMINAL, MANMAD NANDGAON ROAD, VILLAGE NAGAPUR, TAL. NANDGAON, DIST. NASHIK, MAHARASHTRA:

The public hearing in respect of M/s. Indian Oil Corporation Ltd., Manmad Terminal , Manmad Nadgaon Highway , Village Nagapur Tal. Nadgaon Dist. Nashik for proposed expansion of isolated storage terminal with additional storage tanks for 42,940 KL HSD; 15,000 KL HSD (B5), 53,858 KL MS; 70 KL SKO; 1442 KL Ethanol and 540 KL Bio-diesel at Manmad Bulk Petroleum Terminal, Manmad Nandgaon Road, Village Nagapur, Tal. Nandgaon, Dist. Nashik, Maharashtra, was conducted on Wednesday, 9th May 2018 at 11.00 am.

Following were the panel members as per Board's Office Order No. E-25 of 2018 under letter no. BO/JD (WPC)/PH/B -1364, dated 09.04.2018:

- 1) Shri. Ramdas Khedkar, - Chairman
Residential Deputy Collector and
Addl. District Magistrate, Nashik
(Representative of District Magistrate,
Nashik)
- 2) Shri R. U. Patil, - Member
Regional Officer, MPCB, Nashik
- 3) Shri S. A. Redasni, - Convener
Sub Regional Officer, MPCB
Nashik

Shri S. A. Redasni, Sub Regional Officer, MPCB, Nashik and Convener of the Public Hearing Committee welcome the Hon'ble Chairman of the public hearing committee, company officials and public who were present in large number and informed that as per the EIA Notification of Ministry of Environment, Forest & Climate Change, Govt, of India, (i.e. MoEFCC, Gol) dated 14th September, 2006 as amended on 1st December, 2009, it is mandatory to conduct prior public hearing to certain projects which are covered in the Schedule of the said Notification and as per EIA Notification, 2006.

Q

The Convener of the Public Hearing informed that, M/s. M/s. Indian Oil Corporation Ltd., Manmad Terminal , Manmad Nadgaon Highway , Village Nagapur Tal. Nadgaon Dist. Nashik, has submitted an application for conducting the public hearing for proposed expansion of isolated storage terminal with additional storage tanks for 42,940 KL HSD; 15,000 KL HSD (B5), 53,858 KL MS; 70 KL SKO; 1442 KL Ethanol and 540 KL Bio-diesel at Manmad Bulk Petroleum Terminal, Manmad Nandgaon Road, Village Nagapur, Tal. Nandgaon, Dist. Nashik, Maharashtra, at the site of the company.

The aim of conducting the public hearing is to make aware the local people participant in the hearing and they should know the developmental activities and environment management plan of the unit. The project proponent had submitted prescribed application along with pre-feasibility report to the MoEFCC, Gol for Terms of Reference.

As per said Notification, the Public hearing is mandatory & on this grounds today's public hearing is arranged. The Convener further informed that the suggestions and objections raised during the meeting will be incorporated in the minutes of the meeting and will be submitted to Central Government through HQ, MPCB Mumbai.

The Convener and SRO MPCB Nashik, requested the Chairman of the Committee to permit to start the proceedings.

The Chairman of Committee and Addl. District Magistrate, Nashik informed officials of the project to explain the details of pollution control devices *and* environment management plan of the project in local language Marathi. He also appealed general public to give objection / suggestion if any about the proposed project after their technical presentation.

The Project Proponent has given the presentation of the proposed project and Environment Management Plan in detail as hereunder,-

Project information:

1. INTRODUCTION :

Indian Oil Corporation Ltd., (IOCL) is country's largest commercial enterprise and flagship national Oil Company. IOCL propose for the an installation of isolated storage tanks thereby expanding fuel storage capacity of High Speed Diesel (HSD), Motor Spirit (MS), Superior Kerosene Oil (SKO), Ethenol and Biodiesel at Manmad Bulk Petroleum Terminal, Manmad Nandgaon Road, village Nagapur, Tal. Nandgaon, Dist. Nashik, Maharashtra.

2. PROJECT DESCRIPTION :

The project is classified as Category 'B' project. The proposed project falls under Schedule Project activity Service Sector. "6(b)-Isolated storage & handling of hazardous chemicals (as per threshold planning quantity indicated in column 3 of schedule 2 & 3 of MSIHC Rules 1989 amended 2000)" as per EIA Notification 2006, as amended till date.

3. PROPOSED PROJECT :

Currently, Manmad Terminal has cumulative storage capacity of 22376 KL for MS, SKO, Ethanol, Bio Diesel and HSD, Proposed expansion will increase cumulative storage capacity of Manmad depot by 113850 KL i.e. total cumulative storage capacity will be 136226KL.

Out of total 11 existing tanks 6 tanks will be converted and rest 5 tanks will remain same. Additional 15 tanks will be installed.

After proposed expansion, there will be total 26 storage tanks.

4. ENVIRONMENTAL MANAGEMENT PLAN :

Environmental Management Plan for suggested mitigation measures and monitoring plan will include:

- Review of Compliance of EMP, EC & statutory conditions in the management meeting.
- Preparation and timely submission of required statutory reports and Cess.
- Proper hazardous waste inventory accounting by HSE department.
- Monitoring for reduction in air emissions generation of hazardous waste quantity by concerned department heads as per QMS developed by IOCL.
- Reviewing time bound action plan for imparting training to drivers and availability of TREM cards.
- Review annual performance of EHS in board meeting.
- An Environmental Cell with adequate professional expertise and resources shall be established to discharge responsibilities related to environmental management including statutory compliance, pollution prevention, environmental monitoring etc.,

IOCL-Manmad Terminal is/will have Environmental Management Cell headed by Dy. General Manager-HSC and supported by Chief Terminal Manager & Managers at Manmad-Terminal.

5. CONCLUSION :

Based on the EIA study conducted in Summer Season of 2017 and as per terms of reference given by SEAC dated 15th July, 2017, the following highlights emerge:

- There are no Protected Areas, Critically polluted areas, Eco-sensitive areas, inter-state boundaries and international boundaries located in d10 km of study area from the proposed project site.
- There will be negligible pollution potential on air, water and noise environment, which, with the implementation of the mitigation measures and EMP, can be reduced considerably.
- The proposed project activities will have positive beneficial effect on the local population, economic output and other related facilities viz. employment, development of business, transportation etc.,
- Rapid risk assessment including emergency response plan and DMP has been prepared to handle any sort of emergencies.

Proceeding of Public Hearing (Proceedings) :

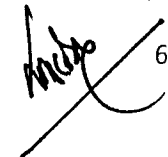

Sr. No.	Questions / queries raised by local residents during the said hearing	Answer / reply given by the project proponent	Directions / suggestions given by the committee
1	<p>Mr. Sandip Ramdas Dagale, r/o. Panzangaon has informed that, his mrs. is Sarpanch. Further, he informed that, Sir has given lot of information regarding environment issues including green belt, noise pollution, air pollution, water pollution etc., Sir, I would like to raise the issue of TT parking of 3 to 4 companies. In last two days 2 accidents are occurred and caused two casualties. In spite of frequent notices, TTs are parked on the road sides and requested to make parking arrangements for TTs inside the company. The TTs are parked at road site and it is not seen by the two wheeler and causing accidents. The road is constructed newly, no speed breakers are provided and thereby increasing the no. of accidents. He advised to undertake plantation programme every year on the eve of 15th Aug. Independence Day and 26th Jan. Republic Day and assured on behalf of Sarpanchs to give every possible co-operation. Further, it is informed that, they have 64 acres forest but it is very thin. He requested to provide ambulance facility near the company so as to enable to shift the patient earlier in the hospital.</p>	<p>The Representative of the company has informed that, all the three companies have TT parking facility. When empty TT comes it is parked in the parking & when it is filled up, TT is not permitted to stop anywhere and if it is stopped action is taken as per the rules. It is pointed out that TTs are parked at road side after filling up also and thereby causing accidents. I would like to invite the kind attention of General Managers of all 3 to 4 oil companies and to enforce the rules thereby to initiate stringent action against the TTs parked at road-side. No loaded / unloaded TT is permitted to park outside the company or nearby road side and he requested to send the photographs of parked TT on the road side on whatsapp and rules will be stipulated in the agreement for further needful action in the matter. He assured for taking suitable action in the matter.</p> <p>The Representative of the Company informed that, a joint meeting of the 3 to 4 General Managers of the</p>	<p>The Member of the Public Hearing Panel has informed that, on the eve of 5th June World Environment Day, plantation programme will be undertaken. Also, informed that, it is permitted to plant about 2 lakh plants</p> <p>The Chairman of the Public Hearing Panel has suggested to take joint meeting of Sarpanchas and General Managers of the oil companies. Further, he informed that, new good road is constructed, as per the norms speed breakers are not provided. Two wheelers are coming speedily and meeting accident with the TTs parked outside the road and thereby causing casualties and he suggested to call a joint meeting of Sarpanch and Police Inspector of the local police station regarding illegal parking. Further, he advised to inform the security personnel, that, the TTs coming for filling should be parked at authorized parking only. On behalf of the District Collector, I'll write a letter to the S.P. to initiate legal action on the basis of illegal parking.</p>

[Handwritten signatures and initials]

		<p>oil companies, Local Police Officers and Sarpanchs will be called within 15 days and decision will be taken. The decision will be compulsory for implementation on all the TTs and drivers.</p> <p>The Representative of the company informed that, if the villagers dig the trenches company will provide the plants.</p> <p>The representative of the company informed that, preservation of the plants is very important. The water will also be supplied through tankers by the company. The suggestion regarding availability of the Ambulance is also very good and we welcome the same. We will try through our management to make available Ambulance through the oil companies and we'll provide one stand by ambulance.</p>	<p>The Chairman of the Public Hearing Panel informed that, Govt. has given plantation target of 13 corers. On the eve of World Environment day, plantation programmes are undertaken. Company and villagers should jointly undertake the plantation programme outside the premises of the company, near the Grampanchayat premises.</p> <p>The Chairman of the Public Hearing Panel suggested to take due care of plants by the villagers.</p> <p>The Chairman of the public hearing panel suggested that, it will be appropriate that, each of the oil company should make available the ambulance, it is not so costly. Recently, through the help of Powergreed co., one ambulance and one school bus is made available to the Grampanchayat Awankhed. It is large light</p>

  6

			company. The issue regarding availability of the doctors will be discussed with the Civil Surgeon and DHO. The company should think positively regarding making availability of the ambulance.
2	<p>Shri. Anil Ragho Kangar, Member Grampanchayat Dhotane and project affected farmer of the Indian Oil bottling plant pointed out that, job preference may please be given to the local residents in this project. The partly rehabilitation is undertaken. Complaints in this respect are frequently made to the Collector Office. The project affected are very dissatisfied. One day it will come out hence due care shall be taken. Six people are permanent by Indian Oil Helpage Group and they are getting 80,000/- salary per month and I am nowhere. He demanded for the rehabilitation of the project affected. It is necessary to sort out this issue. The TTs after filling parked directly on the road side, the General Managers of all the 3 companies should take due care so that, the filled TTs should be go away without any stoppage and will help to avoid accidents.</p> <p>He further informed that, as a rehabilitation officer, you are helping to the company personnel, on the same lines, you should play a roll of mediator to rehabilitate the project affected.</p>		<p>The Chairman of the public hearing panel informed that, for additional storage, environmental clearance, environmental hearing is required. It is compulsory according to the law. Accordingly, we raise points related to Govt. Service. The point related to project affected is not issue of today's hearing, but I would like to inform you that, Yogesh Kulgata, Udaybhau Hasane, Ananda Hasale, Sahebrao Jayram Kangar, Ramesh Bhagwan Hasale these people visited District Collector Office 3 to 4 times. Two times meeting was conducted. One meeting was conducted by me. At that time company officers were present.</p> <p>There are 26 project affected people out of which company has given job opportunity to the 06 nos of project affected persons. In other 03 cases there is quarrel for their descendants. In other cases, they have demanded to take new descendants.</p> <p>Considering your demand, one petition was filed in the Hon'ble High Court & bad luckily the decision is not coming in our favour. I am also coming from farmer's family I and you born in one soil. Our goal is one. My land is also acquired in one project. The District Collector, Nashik has discussed this issue with the Petroleum Ministry and Mr. Kasar, D.R.O. has made communication with the Govt. He requested to the company authority to</p>

9

Further, he informed that, Company has given job opportunities to the 06 persons whose education qualification is SSC and our education qualification is also SSC then on which grounds company is not giving job opportunities to us?

Regarding job opportunities to the project affected, he informed that, he is project affected and descendent also.

He further informed that, as a rehabilitation officer, you are helping to the company personnel, on the same lines, you should play a roll of mediator to rehabilitate the project affected.

Further, he informed that, Company has given job opportunities to the 06 persons whose

give priority to the project affected fellows.

The Chairman of the Public Hearing Panel informed that, the help from the Peoples Representative and Central Govt. will be taken to sort out this issue.

Only in 03 cases there is problem of descendants.

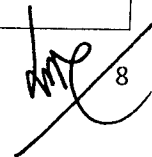

These people came District Collector Office about 3 to 4 times. Two times meeting was conducted. One meeting was conducted by me at that time company officers from Mumbai were also present. There are 26 project affected people out of which company has given job opportunity to the 06 nos of project affected persons. In other 03 cases there is quarrel for their descendants. In other cases, they have demanded to take new descendants.

Considering your demand, one petition was filed in the Hon'ble High Court & bad luckily the decision is not coming in our favour. I am also from farmer's family & we born in one soil. Our goal is one. My land is also acquired in one project. The District Collector, Nashik has discussed this issue with the Petroleum Ministry and Mr. Kasar, D.R.O. has made communication with the Govt. He requested to the company authority to give priority to the project affected fellows.

The Chairman of the Public Hearing Panel informed that, the help from the Peoples Representative and Central Govt. will be taken to sort out this issue.

Only in 03 cases there is problem of descendants.

  8

	<p>education qualification is SSC and our education qualification is also SSC then on which grounds company is not giving job opportunities to us?</p> <p>Regarding job opportunities to the project affected, he informed that, he is project affected and descendent also.</p> <p>Further, he demanded to call a meeting of project affected and find out the solution being a District Rehabilitation Officer. Further, he informed that, till the rehabilitation of the project affected is not done the NOC of the Grampanchayats shall not be given for the proposed additional storage.</p>		<p>The Chairman of the Public Hearing Panel informed that, in 2011 year, the Rehabilitation Act has been changed. According to this Act, the certificates are issued to the project affected persons. But in case the land is given for another reason (not for dam) in that case, 5% job opportunities in Govt. establishments are reserved. 5% posts are reserved for the project affected, but they've to face examinations also and we have to qualify according to the norms of State Govt. or Central Govt. ventures.</p> <p>The Chairman of the Panel informed that, before leaving office, he has intimated the District Collector in this matter.</p>
3	<p>Shri. Sudhakar Dhondu Pawar r/o. Nagapur informed that, he has written a letter to PWD for putting the road dividers but they've informed that, this road is National Highway so they're unable to put the road dividers. This issue is in the purview of the District Collector, so he demanded to put the road dividers around the company and in the vicinity of Nagapur.</p> <p>Further, he informed that, company is established since long years but the job opportunity isn't given to the project affected. The Grampanchayats shall not issue any NOC to the company, till the job opportunity isn't given to the project affected. The company has not made payment of their land to the project affected and demanded for action in this matter.</p>		<p>The Chairman of the Public Hearing Panel informed that, as per the directions of the Ministry of Surface Services, speed breakers are banned for State / National Highways but Road Safety Committee is constituted under the Chairmanship of District Collector. He advised to the concerned Grampanchayats to submit their resolution to the concerned RTO at Nashik / Malegaon for discussion in the meeting and as per the decision of the committee the action regarding putting the speed breakers is taken accordingly.</p> <p>The Chairman of the Public Hearing Panel informed that, this expanded project is to be established on the acquired land. If newly project is coming at that time, NOC is required for</p>

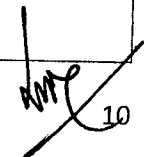

[Handwritten mark]

[Handwritten signatures]

	<p>He requested to give necessary instructions to the company authorities for giving priorities to the local residents.</p> <p>He demanded to give priority to the labour institutions in providing contract labour so as to control the whims and wishes of the contractors and to restrict him from suspending the contract labours. He further, informed that, in other time, they are not getting an opportunity to express their thoughts, and now they are submitting their demands in your witness for telling the concerned officers. The trees are cut down for this project and demanded for plantation so as to maintain the environment equilibrium and to help the villages in the vicinity for progress through the CSR Funds.</p>	<p>the land acquisition according to the Land Acquisition LAR Act dtd. 1st Jan. 2014. This public hearing is fixed to discuss the issues related to Air, Water and soil pollution due to expansion of this project.</p> <p>The Chairman of the Public Hearing Panel directed to the company authorities to give priority to the local residents in job opportunities and to consider the basic principal in this matter.</p> <p>The Chairman of the Public Hearing Panel informed to raise their questions / queries, doubts etc., regarding this project. The video shooting is going on. The said report will be submitted to the Govt. hence, you are requested to put your opinions related to environment and instructed to avoid the repetition of the questions.</p>
4	<p>Shri. Pandharinath Bhilaji Kakad, Ex. Sarpanch of Kari, he mentioned that, people have been called for this public hearing to listen their view, comments, suggestions etc., I would like to thank the concerned on behalf of Sarpanch and villagers as you are considering us. Secondly, 11 storage tanks are provided and 15 additional storage tanks will be provided and same are installed in the acquired land that's why we do not have any objection. The assured plantation should be done. The plants should be provided along with the tree guards to Grampanchayats, High School and Primary Schools and responsibility of the preservation of the plant shall be fixed on the concerned Grampanchayat and school. He demanded help from the company for providing compound wall to the school, to make available the Ambulance in his village for the utilization to the surrounding villages also, shed for the bus stop. He further raised a query that, there will be any adverse effect on the rain due to installation of additional 15 storage tanks. He further raised a query regarding making compulsory rain water harvesting to the School, College and Public Buildings so as to increase the ground water level. He demanded to issue the order from the District Collector to ban the tree cutting. He demanded subsidy for the water harvesting programme for increasing the involvement of the general public. He suggested to the company to pay more attention regarding plantation.</p>	<p>The Chairman of the Public Hearing Panel informed that, necessary correspondence will be made at the proper level so as to avoid the tree cutting in future.</p>

5

Shri. Shailesh Pawar r/o. Nagapur raised issue that, he is agree that today's meeting is for environment but never the said company has conducted any farmers meeting and this meeting is for the profit of the said company. He further raised a point that, the company has acquired the land of farmers but job opportunity is not given to them or their descendants, who will cope up their losses. He further raised a point that the said company has cut down the trees without any permission, the trees were giving oxygen now how can we cope up?

He further informed to construct the farm lake which will be very useful for the supply of water to the plants in the summer. The contract for the preservation of the trees will be given to any contractor so as to preserve the 100% plants.

He further pointed out that, their land is acquired, judgment is coming out after a lapse of sufficient time period but no any payment is made. Now father become older, I am also in 30s when will we get the amount? The land of my father is acquired and amount will be given to our son/s or otherwise.

The Representative of the factory informed that, the trees are cut down with the permission of the forest department and they will plant 10 times of trees in place of trees cut down. It will be useful, if the trees are planted near the rain water harvesting location. It will help for proper preservation and growth of the trees.

He assured that, the plants will be supplied along with the tree guards.

The representative of the company informed that, as per the orders of the Hon'ble Court, the company has deposited 1 cr. 80 lakhs.

The Chairman of the Public Hearing Panel informed that, the public hearing is not only for the interest of the company which may please be noted. This meeting is for the expansion of the storage capacity of the company.

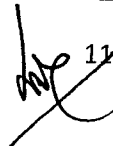

Also, in response to the demand of plants and tree guards earlier, the Chairman of the Public Hearing Panel directed to the company representative to supply the plants along with the tree guards.

The Member of the Public Hearing Panel informed that, the company will give commitment while supplying the plants. Company will make available the plants as per the demands and for proper preservation tri-party agreement will be made. He further informed that, today's hearing is mainly for environment related issues so don't say that, Don't give NOC etc.,

The Chairman of the Public Hearing Panel directed to arrange the meeting on this issue. Also, asked whether amount is deposited as per the Order of the Hon'ble Court u/s. 18. He informed to the farmers that, the representative is telling that, 1 cr 80 lac rupees are deposited and show your papers to your advocate. It is necessary to submit the solvency for withdrawal of the amount from the Court. He directed the company representative to make available the copy of the calculations to the farmers.

He further informed that the point related to job opportunity to the project affected is discussed repeatedly so don't raise it again. It is directed to fix the date of the meeting

2

  11

			with the senior officers and same will be communicated to the farmers through the said company.
6	Shri. Arun Babasaheb More, Ex. Member Nagapur raised a point that, fire extinguishers is available with the Manmad municipal council. That vehicle is parked beyond the gurudwara. In spite of emergency call some time it takes 2 hrs. to arrive. He further demanded that, company should make available the fire extinguisher to the Grampanchayat Nagapur so as to mitigate & it can be available easily.		
7	Shri. Rajendra Pawar, Ex Zilha Parishad Member raised a point that, at present in the area of 10 to 15 villages, no water is available in any bandhara and water is supplied after 8 to 10 days. 42 villages water supply scheme is completed and handed over by the Maharashtra Jeevan Pradhikaran is handed over to the samittee but so many villages facing difficulties for payment of the electricity and how can they pay the water taxes? If the water and electricity charges are not deposited towards the Samittee then later on this scheme will also be closed. The water source is only Nagya-sakya. He has requested to pay due attention so as to keep the said scheme in working permanently and how the flow of water will be increased so as to supply the water after 3 to 4 days inspite of after 11 days. He demanded that, either the company under the CSR fund should pay the electricity bill of the scheme or install water meters in every village and pay the water bill charges. In the summer, to take onion crop becomes so difficult due to shortage of water, hence demanded for cement plug bandharas in the concerned villages. A good work will come out through the help of Indian Oil Company. He further requested to handle the issue of traffic. Further, he thanked the Chairman, Public Hearing Panel for his contribution to make available the electric big pumps for the 42 villages water supply scheme.		The Chairman of the Public Hearing Panel regretted for not just thanking the chair as two electric pumps were made available for the 42 villages water supply scheme from the scarcity. Further, he assured that, the 42 villages water supply scheme is related to the one lakh population hence, necessary steps will be taken to sort out the issue.

A

In the conclusive speech, the Chairman of the Public Hearing Panel informed that, today we are present here for the Public Hearing of M/s. Indian Oil Company. All the respected public representatives, citizens' brothers and sisters you all expressed the points whole heartedly. The meeting related to the project affected will be conducted before the District Collector. The plantation is very important issue and due attention may please be given and everybody has to participate as a social angle. The responsibility of sustainable growth of the trees may please be put on the shoulder by the concern Grampanchayats. The Chairman of the Public Hearing Panel read in brief the representations received from the Grampanchayats and informed that, all these demands will not be fulfilled in one year. The CSR fund expenditure is made according to the norms and priorities. All of you raise good questions & the working of the said meeting is completed smoothly and declared that the public hearing / meeting is concluded.

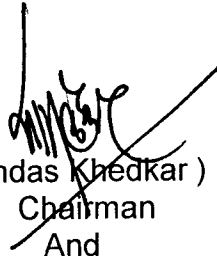

The meeting ended with vote of thanks to the Chair.
