

## DRAFT FOR APPROVAL

### MINUTES OF ENVIRONMENTAL PUBLIC HEARING

MINUTES OF THE PUBLIC HEARING FOR PROPOSED EXPANSION OF SYNTHETIC ORGANIC CHEMICAL AT GUT NO. 8, 13, 15, 16, 25, 75, VILLAGE – HONAD, TAL – KHALAPUR, DIST – RAIGAD, MAHARASHTRA BY PROJECT PROPONENT M/S PRASOL CHEMICAL PRIVATE LIMITED.

- Ref: 1) Ministry of Environment, Forest & Climate Change, Govt. of India, New Delhi's Notification Dated 14-09-2006 and Amended Notification Dated 01-12-2009;
- 2) Ministry of Environment, Forest & Climate Change, Govt. of India, New Delhi's Office Memorandum Dated 14-09-2020;
- 3) Maharashtra Pollution Control Board's directives vide no. B-200917-FTS-0082, Dated 17-09-2020;
- 4) District Magistrate, Raigad-Alibag Order vide no. Gruh-MAG-1/Janasunavani/15580/2020 Dated 10-09-2020
- 5) District Magistrate, Raigad-Alibag Order vide no. Gruh-MAG-1/Janasunavani/2020 Dated 05-10-2020

The public hearing for proposed expansion of Synthetic Organic Chemical at Gut No. 8, 13, 15, 16, 25, 75, Village – Honad, Tal – Khalapur, Dist – Raigad, Maharashtra by Project Proponent M/s Prasol Chemical Private Limited was conducted on 13<sup>th</sup> October, 2020 at 12.00 noon at Samuel Hall, 4<sup>th</sup> Floor, Old Mumbai Pune High Way (N.H.4), Khopoli, Dist – Raigad – 410 710.

Following were the panel members: -

- |  |                 |
|--|-----------------|
| 1) District Magistrate-Raigad<br>or his representative not below<br>the rank of an Additional District<br>Magistrate | <b>Chairman</b> |
| 2) Regional Officer, MPCB, Raigad<br>(Representative of Maharashtra<br>Pollution Control Board)                      | <b>Member</b>   |
| 3) Sub Regional Officer, Raigad-I,<br>MPCB, Navi Mumbai  | <b>Convener</b> |

Shri J. S. Salunkhe, I/c Regional Officer, MPCB, Raigad and Member, Convener of the Public Hearing Committee welcomed Hon'ble Chairperson of the Public Hearing Committee, Company Officials and participants who were present and informed that as per the Environment Impact Assessment Notification of Ministry of Environment, Forest & Climate Change, Govt. of India, (i.e. MoEFCC, GoI) dated 14<sup>th</sup> September, 2006 as amended on 1<sup>st</sup> December, 2009, it is mandatory to conduct prior public consultation to certain projects which are covered in the schedule of the said Notification. The Sub Regional Office, Raigad-I, MPCB, Navi Mumbai was in receipt of application for proposed expansion of Synthetic Organic Chemical at Gut No. 8, 13, 15, 16, 25, 75, Village – Honad, Tal – Khalapur, Dist – Raigad, Maharashtra by Project Proponent M/s Prasol Chemical Private Limited. at the existing site of the industry.

The Convener further informed that, as per EIA Notification, 2006 the category of project falls under Category A 5 (f). The aim of conducting prior public consultation is to make aware, local people who can be participant in the hearing and they should know the developmental activities and Environment Management Plan of the unit.

Project Proponent had submitted online prescribed application alongwith pre-feasibility report to the MoEFCC, GoI for Terms of Reference (ToR) for conduct of EIA studies and MoEFCC, GoI, New Delhi considered the project and given online approval on 27-06-2019.

As per Office Memorandum referred at sr.no. (2) above, guidelines have been issued by the Govt. of India to conduct the Public Hearing in the background of COVID-19. It is directed that with Virtual Public Hearing, Online Public Hearing should also be conducted. It is directed that 100 persons will be allowed in a session in Virtual Public Hearing meeting with keeping social distancing and wearing of mask, use of sanitizer will be mandatory. If the participants are more than 100, next sessions be conducted till all are given opportunity.

As per said Notification, 30 days' advance public notice was published in the local newspapers in Daily Loksatta and Krushival for Marathi and in national newspaper daily Indian Express for English on 13/09/2020 and 26/09/2020. The public were appealed to send their suggestions, views, doubts or objections regarding the proposed new molasses-based distillery unit.

Also copy of EIA report and executive summary were made available at various notified offices of Government i.e. Ministry of Environment, Forest & Climate Change, Zonal Office, West Central Zone, New Secretariat Building, Ground Floor, East Wing, Civil Line, Nagpur - 440 001; District Magistrate Office, Raigad; Additional District Magistrate Office, Raigad; Zilla Parishad Office, Raigad District Industries Centre

Office, Raigad; Tahsildar Office- Khalapur, Dist, Raigad; Grampanchayat offices at Group Grampanchayat, Honad, Chinchvali, Tebewadi, Dheku, Thane-Nhave, Akatargaon, Tal - Khalapur, Dist- Raigad; Sub Regional Office, Raigad -I, MPCB, Navi Mumbai;; Regional Office- Raigad, MPCB, Navi Mumbai and at Head Office of MPCB at Mumbai, Environment Department, Govt. of Maharashtra, Mumbai and on the website of MPCB.

The public in general were appealed to send any suggestion or objection regarding the proposed expansion of the project. Member of the Public Hearing, appealed Chairman of the Committee to allow to start the proceedings.

With the permission of the Hon'ble Chairperson of the Public Hearing Committee, Project Environment Consultant gave the presentation on Environment Management Plan of the project.

After the presentation, Chairperson, Member and Convener of the Public Hearing Committee appealed the participants to raise their suggestions, objections regarding Environment Management Plan of the project.

**Followings have taken part in the discussions:-**

**1) Shri Narendra Gaikwad, Residence - At - Aatakargaon, Post - Salgaon, Tal - Khalapur, Dist - Raigad :-**

He requested Additional District Magistrate-Raigad and Chairperson, Environment Public Hearing Committee to cancel this public hearing session. Shri Narendra Gaikwad informed that M/s Prasol Chemicals Pvt. Ltd., is in operation at Mouje Honad and due to its pollution the 10 k.m. radius and surrounding areas of four Grampanchayats have been affected. The total livelihood of the area is disturbed. He further remarked that this public hearing should have arranged at project site or in the area jurisdiction of four Grampanchayats. If it is not possible to due COVID-19, then why this public hearing meeting is called so hesitatively and when 100 persons only allowed to this meeting. This meeting could have conducted after Covid-19 pandemic. So, this public hearing should be cancelled and next meeting please be arranged at appropriate time.

Hence, it is requested that this public hearing should be cancelled, and it should be conducted at suitable time.

Shri Gaikwad informed that after the public hearing, the local villagers desires to submit writing objections. Shri Gaikwad

informed that in 2013, the public hearing of this company was conducted. It was conducted in jurisdiction of Hornad Grampanchayat area.

Many promises were made in the meeting. The commitment of village development was made. Nothing is done till date. We also blame that MPCB did not follow the strict guidelines of water and air pollution. The people staying in the vicinity of project suffer due to smell nuisance. The project officials have totally violated the strict Safety guidelines. While entering in the company/project, there should be open space. It is not there. Hon'ble Chairperson is requested that after completion of this meeting, it is requested that along with MPCB officials and with us, inspect the site of the factory.

Shri Gaikwad further objected that the promises made in 2013 are not still completed. There is no guarantee of workers' safety. It was also promised that the treated effluent will not be generated in the river. But it is released many times. The incidence of fish kill occurred. Heavy losses were incurred of the local farmers. Hence, local poor farmers sat at Tahsil Office for Fast-unto-Death. The project proponent has accepted the fast. At this moment, the project officials has accepted the discrepancies. The domestic animals were also unable to drink the water.

He informed that schemes of various Grampanchayat are on the river.

He further blamed that the Project Proponent is not following any rule and playing the life of poor villagers. The Maharashtra Pollution Control Board is also not taking any action against the industry. The company do generate its effluent into the river in rainy season.

Here local people are not familiar with online system. There is no net problem in rural areas. Hence this office line public hearing and online public hearing should be cancelled and after Corona epidemic, the public hearing should be called on the open ground near the company. Here, only 100 persons are permitted, hence local issues cannot be raised.

Here Chairperson of the Public Hearing Committee informed that at a time 100 persons are allowed in a session. If there are more than 100 persons, the meeting will continue till all are given an opportunity to raise their views. But the participant must follow strict guidelines issued by the Government for prevention of Covid-19 i.e. wearing of mask, following social distancing and use of sanitizers.

Shri Gaikwad informed that this information is not given to villagers. Hence, local people, project affected farmers could not attend the meeting. Secondly, the meeting should be arranged where the people are suffering due to activities of this project.

Chairperson, Environment Public Hearing Committee directed Project Proponent to give answers to the objections

Shri J. S. Salunkhe, Regional Officer, Raigad, MPCB, Navi Mumbai and Member, Convener of the Environment Public Hearing Committee informed that MPCB has initiated the action as specified in Environment Laws from time to time against any project. The bank guarantee of this project is forfeited in 2011 and in 2019 also. If any industry violates the norms as specified by the Board in the consent, an action is action as per the Environmental Laws.

Member, Convener of the Environment Public Hearing Committee asked Project Proponent to give following clarifications in the meeting -

- a) Clarification regarding safety measures in the project;
- b) Whether adjoining villages suffer smell nuisance;
- c) Whether open space is available in the project?

Project Environment Consultant answered that in 2012-2013, an Environment Public Hearing is conducted of this project. We agree that at that time, no social welfare scheme was implemented in the area by the company under Corporate Social Responsibility Fund. But after 4-5 years, various positive steps are taken to implement the social welfare schemes. The complimentary letters as received by the various Grampanchayat can be made available here. Also, Project Proponent has requested Grampanchayats to submit the schemes to be implemented in the areas.

Environment Consultant informed that project officials do visit the local colleges and inform the activities of the project. After conducting the interviews, the local people have been job opportunities.

Here, some participants blamed that this is false and misleading. There were no interviews in the colleges. Project Proponent informed that 425 persons are working in the project. All are local people only. In future, if there is need of manpower, it will be fulfilled through local people only. The private contractors are

required for completion of various works and 75% contractors are local people only.

Member, Convener of the Environment Public Hearing Committee asked to give explanation to the objections raised during the meeting.

Project Proponent informed that the objection is raised regarding the smell nuisance. This is to inform that most advanced equipments are used in the process. Now Water Proof Double Stage Cover System is in operation, which is most advanced system. Also Gas Flare System is also in operation.

Shri Narendra Gaikwad here objected that smoke and dust do release from the project and at this moment also it is released. Project officials here informed that there is no release of H<sub>2</sub>S gas. It is totally scrubbed. The bag filter and dust collectors are provided to the boiler.

**2) Shri Shashikant Sudam Deshmukj, Ex-Sarpanch, Honad Grampanchayat, Tal-Khalapur, Dist – Raigad :-**

Shri Deshmukh while raising objections informed that he himself has granted No Objection Certificate to the company. At that time, it is promised that they will repair the boiler. But one boiler is not repaired. The people are suffering due to its smoke, moreover due to this smoke nuisance, few people have to be operated for eyes. If anybody does the wrong, naturally the people will talk. Further the project proponent has installed the boiler near the road. Hence, if the street passer suffers any injury, then whether the company will take any responsibility?

Project officials here informed that the boiler is installed for power generation plant only. Most advanced Triple System i.e. Bag Filter, Dust Collector and ESP – Electro Static Precipitator are in operation. Hence, the dust does not release in the environment. The boiler is installed 500-600 meters from the road.

Environment Consultant informed that the boilers which were installed previously had no bag filter. Now, the old boilers will not be used. Now most advanced ESP – Electro Static Precipitator system is installed which gives 99.5% efficiency.

Here one villager informed that there is huge noise in the process. We, nearby people do suffer due to pollution, but not a

single young man from our village is given an opportunity to work in the plant. Moreover, outside people are appointed.

Here Project officials informed that at this moment also the record can be made available that 80% persons working in the company are local people only. They are from nearby areas and from the Taluka only. Shri Narendra Gaikwad objected that a school is 60-70 meter away from the project site. Hence, the students are facing the pollution problems. Project officials informed that the plant is commissioned as per the Rules of the Government.

**3) Shri Prakash Patil, Member, Group Grampanchayat-Chinchwali, Resident of Chinchwali, Tal - Khalapur, Dist - Raigad :-**

The project is in operation for last 25 years. For the development of the region, it is necessary that various projects should be installed in the area. Here few objections have been raised for the expansion of the project. If the project proponent does follow the guidelines as laid down by the Government and under CSR Fund implementing various social welfare schemes, health schemes, then forgetting the differences support should be extended for the expansion of the project. Just now project officials informed that unemployed local youths and young ladies will get the job opportunities. The Grampanchayat will get the revenue.

It is our experience that we should support the expansion and Project Proponent should also follow the strict guidelines of Environment.

Here Shri Narendra Gaikwad remarked that when there was public hearing in 2013 of this company, he himself supported the project. But the promises made at that time by the Project Proponent i.e. help to the drinking water schemes, funds will be provided to local schools. After expansion, whether the promises will be followed?

Project officials informed that the repairs of school classes and its beautification, repairs and cleaning of water tank of the school are carried by the Prasol Company. It is already shown in the presentations.

Here Shri Narendra Gaikwad remarked that the school was in existence before the project. Here it is informed that Managing Director of the Project is here. The amount is spent as per the Order of Managing Director of the project only.

**4) Shri Sandip Deshmukh, Resident of Adoshi village, Member of Adoshi Grampanchayat:-**

Shri Deshmukh said that I welcome the expansion of the project. He further remarked that in future also the project should be welcomed.

The sapling is planted, tomorrow we will get the fruits. Local people get the job opportunities. Local business will also flourish. The project will be beneficial to local people and the area.

Shri Deshmukh here opined that the suggestions given by Shri Narendra Gaikwad should be implemented. The health issues of the local people should be given priority. In future, the company should be recognised as the Project of Health Care. The project officials should implement various pollution control systems as directed.

Here project officials informed that we will implement all the schemes. If there is any error in Environment Management Plan, it will be rectified. The local people will be top priority in the job opportunities, in permanent jobs and for contractual labours.

**5) Shri Viju Hange, Resident – Khopoli, Dist-Raigad :-**

He informed that I am resident of Khopoli city. I have read all the report of expansion. The project should be definitely appreciated. But if at there are some local issues, then it should be solved mutually. Local people should be given priority in the jobs, then only we will support the project.

**6) Shri Manish Khavale, Resident of Dheku, Tal-Khalapur, Dist – Raigad :-**

He asked two questions to Project Consultant. Shri Khavale informed that in the last public hearing in 2013, M/s Aditya Environment has prepared the Environment Impact Assessment Report. In the report of 2013, it is mentioned that 850 trees are on the project site. Now seven years have passed. Now, for this project, the survey might have carried in the month of May, 2020. Then whether the trees i.e. 850 in numbers are still there. He requested Project Consultant to give true and correct information.

Shri Khavale further remarked that if the survey is carried by Aditya Environment, the information should be made available. He further asked to give explanation that whether two acres of land is available for green belt development in the company? He further

said that in total there should 5.75 acre should be available in the company premises for green belt development.

Shri Khavale further remarked that the expansion of the project is welcomed. But whether the project proponent is implementing all the guidelines as stipulated by the Government? Which Government Agency keeps vigil on the green belt status of the industry?

Here, Member, Convener of the Environment Public Hearing Committee asked to give details of open space in the project. The remaining space should be green belt only.

Environment Consultant further informed that the project is 8,290.0 square meter. Our team do visit the site. We will re-survey the green belt and mistakes will be corrected. Here, Chairperson, Environment Public Hearing Committee informed to carry re-survey of the green belt.

Here Shri Khavale objected that the explanation of the area in the last report of 2013 and this report be informed in detail. He further suggested that oxygen generating trees such as Vad, Pimpal and Umbar be planted.

**7) Shri Ramchandra Deshmukh, Resident of Khalapur, Dist - Raigad :-**

He remarked that the company should be grown. It should be expanded. He informed that he has attended the previous public hearing also. We have supported the project. If the project officials are trying to grow, they should be given an opportunity. The suggestions, objections raised should also be complied. He supported the views expressed by Shri Manish Khavale that the trees Vad, Pimpal, Umbar which gives 24 hour oxygen should be planted. The Project Proponent should also follow the Rules. He wished project success.

Here Environment Project Consultant informed that we will re-survey the green belt area and prepare the report.

Shri Narendra Gaikwad informed that factual position should be brought to the local people. Then how the manipulated report is prepared? This is totally cheating of common people.

**8) Shri Nitesh Patil, Resident of Atkargaon Village, Tal-Khalapur,  
Dist – Raigad :-**

He informed that his wife is Sarpanch of Atkargaon village. Company has given the survey nos 8, 13, 15, 16, 25, 75. Which survey numbers are these and whether they are at the back side or adjoining sides? Here many people complained that the company is not following the Rules. Keeping of distance from the road is not maintained by the company. He further asked where the expansion project will be implemented? It is mentioned that 22,000.0 sq. meter space is kept vacant. Then it should be shown. Parking facilities should be shown. As per our knowledge, the company has violated all the rules while construction. It has not kept distance while constructing the project. The vehicles of the company just stand on the road, which makes hurdles in the daily traffic. If a pregnant woman is going to hospital, she has to face heavy traffic. The local people should be taken into confidence. The Government officials should carry the survey and action should be initiated.

If the local people are taken into confidence, then only the project expansion will be supported

The Project officials informed that for expansion, the new machineries will be brought. Some machineries will be modified. There is no plan of developing new site. S. No. 75 is for parking facilities. The survey numbers are given by the Grampanchayat office only. Now it is informed that the vehicles are kept standing on the road. We will inform our workers to park it inside of the building.

Member, Environment Public Hearing Committee informed Project Officials to give clear answer that if there is 22,000 sq. feet place, then inform whether there is 300 sq. feet place for parking. Project officials informed that we have enough place. Chairperson, Environment Public Hearing Committee directed to take into confidence of local people while carrying expansion.

**9) Shri Naresh Patil, Member, Raigad Zilla Parishad:-**

Shri Naresh Patil remarked that if the project has planned for expansion, naturally the local people expects the job opportunities. Hence, local people should be given priority.

He further said that project officials already promised to give jobs to local people. It is also noted that local private contractor are also working efficiently.

It is also informed by the project officials that the suggestions given by Shri Narendra Gaikwad will be followed.

- 10) **Shri Ulhas Deshmukh, Local resident** informed that his son has applied for the job, but not considered.

Chairperson, Environment Public Hearing Committee directed project officials to give answers to the objections raised by the participants.

Project officials while giving all the answers informed that the suggestions given by Shri Manish Khawale will be implemented. The answer given to Naresh Patil that project officials always prefer local people only as without co-operation of local people, project will not succeed.

### **SECOND SESSION**

As per the directives of Govt. of India to prevent Covid-19 pandemic, another session of 100 persons is conducted for Public Hearing Meeting.

#### **Followings have taken part in the discussions:-**

- 1) **Shri Sandip Ravindra Borle, Dy.Sarpanch, Thane Nhawe, Dist – Raigad -**

The company discharged its effluent into river. Hence there was fish-kill incidence. The local farmers have sat for fast. Then only project proponent gave the compensation. The project is definitely working good. The effluent will not go outside the factory.

He said that the local people should be given priority in job opportunities. The revenue income of the Grampanchayat is very less. It is requested that under CSR Fund, an ambulance be purchased for our village. We support the expansion.

Project officials informed that for getting any job basic skill is most important. If the students of our village learn it, definitely they will be given job opportunity in the project. Further it is requested to give proposal for purchase of ambulance. After approval in the Company Meeting, it will be informed.

Chairperson, Environment Public Hearing Committee informed that as demanded, 100% job opportunities be given to local people. The skill which is required in the project should be given by training. She directed project officials to give training programmes to the local

people. It is informed by the Project Proponent that in 2016, 50 local people were appointed. They all are in company services.

**2) Shri Uchharppa Warchale, Phata, Tal-Khalapur, Dist – Raigad :-**

Due to Corona, the projects are closing down their activities. Here, expansion is planned. Hence wholehearted support to the expansion.

**3) Shri Rahul Patil, Resident of Chinchwali, Tal-Khalapur, Dist – Raigad :-**

The company is trying to minimise the pollution. The large number of trees are planted in the project. Due to project, the surrounding areas will be benefited. Hence, supporting the expansion.

**4) Shri Mahadev Thombar, Resident of Honad, Dist-Raigad:-**

The project is welcomed. Everything is informed in the project. It is promised to give job opportunities to local people. It is also agreed by the Project Management that Skill Development Programme will be implemented and 100% local people will be appointed.

**5) Shri Vilas Deshmukh, Honad Village, Dist-Raigad :-**

The company do spent fund for social welfare schemes, environment management schemes. Previously, dust used to release in the atmosphere. At present it is observed that it is not released. 80% people in the project are local people only. Honad Grampanchayat has already supported the project.

**6) Shri Abhijit Deshmukh, Resident of Honad Gaon, Dist – Raigad –**

He asked how many local contractor are in the project?

It is informed that out of 80, 56 are local contractor only.

**7) Shri Digambar Patil, Resident of Chinchwali, Tal – Khalapur, Dist – Raigad –**

He informed that he was worker in 2006-2009. Then started tanker business. Now it is going on. Supported for Expansion.

8) Shri Devendra Patil, Resident of Chinchwali, Tal – Khalapur,  
Dist – Raigad –

If the company is expanded, it will be beneficial to local people and area. Company should give priority for Skill Development only.

Member and Convener of the Public Hearing Committee asked participants to raise their suggestions if any. As there was no response, Convener of the Public Hearing informed that the suggestions, objections raised during the meeting are noted and it will be included in the minutes of the meeting. The minutes along with Final Environment Impact Assessment Report will be submitted to Expert Committee of Ministry of Environment, Forest & Climate Change, Govt. of India. The Expert Committee will take further decision accordingly.

Member, Convener, Environment Public Hearing Committee informed in the meeting that the participants have raised the objections that no safety guidelines are followed in project site and the life of the workers will be in danger. Hence Project Proponent is directed to carry the detailed survey report (Detailed Inspection & in respect of Accident & Safety Report) through Directorate of Industrial Safety & Health, Maharashtra State (DISH). Project Proponent is directed to follow all instructions and also suggested that it is responsibility of company owner and DISH.

The Public Hearing Committee appealed the participants to raise any objections, suggestions regarding the project. There was no response. Chairperson, Environment Public Hearing Committee asked Member, Convener of the Public Hearing Committee to conclude the meeting.

Member and Convener of the Public Hearing Committee asked participants to raise their suggestions if any. As there was no response, Convener of the Public Hearing informed that the suggestions, objections raised during the meeting are noted and it will be included in the minutes of the meeting. The minutes along with Final Environment Impact Assessment Report will be submitted to Expert Committee of Ministry of Environment, Forest & Climate Change, Govt. of India. The Expert Committee will take further decision accordingly.

Member, Convener of the Environment Public Hearing on behalf of the Chairperson of the Environment Public Hearing concluded the meeting.

The meeting ended giving thanks to the Chair.

- 1) Ministry of Environment, Forest & Climate Change, Govt. of India, New Delhi's Notification Dated 14-09-2006 and Amended Notification Dated 01-12-2009
  - 2) Ministry of Environment, Forest & Climate Change, Govt. of India, New Delhi's Office Memorandum Dated 14-09-2020
  - 3) Directives as issued by Maharashtra Pollution Control Board's directives vide no. B-200917-FTS-0082, Dated 17-09-2020;
  - 4) Directives as issued by District Magistrate, Raigad-Alibag's Order vide no. Gruh-MAG-1/Janasunavani/15580/2020 Dated 10-09-2020
  - 5) District Magistrate, Raigad-Alibag Order vide no. Gruh-MAG-1/Janasunavani/2020 Dated 05-10-2020

-----

As per above referred sr. no. (2) & (3) to prevent the Covid-19 pandemic, it is directed to conduct Online Public Hearing with the Virtual Public Hearing.

As per reference no. (4) above, Online Public Hearing for proposed expansion of Synthetic Organic Chemical at Gut no. 8, 13, 15, 16, 25, 75, Village – Honad, Tal – Khalapur, Dist – Raigad, Maharashtra by Project Proponent M/s. Prasol Chemical Private Limited was conducted. The CISCO WEBEX APP was utilised for it.

Additional District Magistrate-Raigad and Chairperson, Environment Public Hearing Committee welcomed all government officials, project officials and informed to give Power Point presentation who are on online and then answer the objections.

Environment Consultant has given Power Point Presentation who were online. He informed that M/s. Prasol is one of renown and fast

growing industries of our country. It is Two Star Rated company for export as declared by Govt. of India. M/s. Prasol has ISO by 9001:2015, 14001:2015 and OHSAS 18001:2017. He gave detailed information for Environment Management Plan of the company. At that time, 15 people were online.

Afterwards, the participants who were online appealed to raise any objections, suggestions regarding Environment Management Plan (EMP) of the company.

**Followings have taken part in the discussions: -**

**1) Miss Rina Patil, Resident of Takai Gaon, Tal – Khalapur, Dist – Raigad:-**

Miss Rina Patil congratulated Project Proponent for expansion of the project. She expressed the opinion that there are many female graduates and engineers residing near the project. Whether they will be given job opportunities in the project?

Project Proponent informed that local people will be given priority in the job opportunities. If anybody has requisite qualification for the post, she has definitely good chances of getting job in the project

Ms. Rina Patil extended thanks for the answer.

**2) Shri Mohan Patil, Resident of Chinchwaligaon, Tal – Khalapur, Dist – Raigad :-**

The company do help the village. It has supported for the education facilities. Hence, the villagers are ready to support the company.

Shri Mohan Patil thanked management of the company for planning to expand the project. He informed that the company do help to various social welfare schemes and educational facilities in the area. The local people have been jobs in the project. Hence, I support the company for the expansion of the project. He further appealed management of the company that if at all any help is required from the local village, they may contact him.

Project Proponent thanked Shri Mohan Patil for his approach and support to the expansion of the project. It is informed to him if any co-operation is required from the local villages, he will be contacted.

The participants in Online Public Hearing were appealed to raise their suggestions, objections if any regarding the Environment Management Plan of the company. There was no response.

Chairperson, Environment Public Hearing Committee was always contacted for the discussions. All were requested to raise any suggestions and objections. The Online Participants have stopped the connect from their side also.

Chairperson, Environment Public Hearing Committee was in connection all the time. She informed that if the question and **answer is sessions is over and nobody is connected online, the meeting can be concluded.**

Shri Abhijeet Lohla, Field Officer, Maharashtra Pollution Control Board, Raigad thanked all who have participated and who were online and **informed that the suggestions raised during the online meeting are noted and will be included in the minutes of the meeting.**

**Shri Abhijeet Lohla on behalf of Chairperson of the Environment Public Hearing Committee and Member, Convener of the Public Hearing Committee thanked all who were online in the meeting and on behalf of Chairperson of the Environment Public Hearing Committee declared that meeting is concluded.**

The meeting ended giving thanks to the Chair.

अलिबाग-रायगड.  
यांसी,

**अर्जदार :-** आयु. नरेंद्र चंद्रकांत गायकवाड  
जिल्हा युवक अध्यक्ष - रिपब्लिकन पार्टी ऑफ इंडिया (आठवले)

**विषय :-** मे. प्रोसोल केमिकल्स प्रा. लि. या कंपनीचे 'सिन्थेटिक ऑर्गेनिक रसायन' या उत्पादना  
संदर्भात घेण्यांत येणा-या जनसुनावणीमध्ये सदर कंपनीला नव्याने कोणतीही परवानगी  
देण्यांत येवू नये बाबत....

मा. महोदय,

वरिल विषयान्वये आपणांस नम्रतापूर्वक निवेदन करतो की, मे. प्रोसोल केमिकल्स प्रा. लि. ही कंपनी गेली अनेक वर्षांपासून ग्रुप ग्रामपंचायत होनाड या गावाचे हद्दीत आपला कारखाना चालवित असून सदर कंपनी ही हजार्डस्ट या अति ज्वलनशिल पदार्थाचे उत्पादन करित आहे. गेल्या अनेक वर्षांत या कंपनीमुळे या भागातील पर्यावरणाचे नुकसान होवून प्रदूषण जास्त प्रमाणांत वाढलेले आहे आणि कंपनीच्या या प्रदुषणामुळे या भागातील जीवनमानावर याचा विपरीत परिणाम झालेला दिसून येत आहे. या कंपनीच्या केमिकलच्या वेस्टेज मुळे कंपनी शेजारून वाहणारी नदी सतत प्रदूषित होत असते. ही नदी पुढे जावून पाताळगंगा नदीला मिळते. ही नदी सतत प्रदूषित होत असलेकारणाने या नदीतील मासे अनेक वेळा मेलेल्या अवस्थेत पाहण्यांत आलेले आहेत. ही नदी प्रदूषित होत असलेकारणाने या नदीवर पुढे जावून उपजिविका करणारे शेतकरी यांची उपासमार होवू लागलेली आहे. या प्रदूषित नदीमुळे गुरे जनावरे यांना शुद्ध पाणी पिण्यास मिळत नाह व हे पाणी पिण्यामुळे गुरे, जनावरे देखिल या अगोदर दगावलेली आहेत. या नदीवर व पुढे पाताळगंगा नदीवर काही गावांचा पाणीपुरवठा योजना अवलंबून आहेत.

....२....

या प्रदूषित पाण्यामुळे होणा-या त्रासाला कंटाळून शेजारी गावातील शेतकरी हे सन २०१८ मध्ये तहसिल कार्यालय खालापूर या ठिकाणी उपोषणांस देखिल बसले होते. परंतु तदनंतर या शेतक-यांना कंपनीने त्यांची नुकसान भरपाई देवून व पुन्हा नदीपात्रामध्ये केमिकल युक्त प्रदूषित पाणी सोडणार नाही असे खोटे आश्वासन देवून उपोषण सोडण्यांस भाग पाडून आज पुन्हा कंपनी नैसर्गिक असलेल्या या नदीमध्ये प्रदूषित केमिकलचे खराब पाणी सोडत आहे.

या कंपनीमुळे हवेतून होणा-या प्रदूषणाने नागरिकांच्या आरोग्यावर परिणाम होत असून नेहमीच्या या प्रदूषणाला आम्हा नागरिकांना सामोर जावे लागत आहे. या कंपनीमध्ये २००७ साली अपघात होवून दोन कामगार मृत्युमुखी पडलेले आहेत व आता काही दिवसांपूर्वी देखिल एक कामगार अशाच अपघातात मरण पावलेला आहे. वेळोवेळी येथे कामगाराबाबत छोटे-मोठे अपघात होतच असतात. परंतु नोकरी गमवावी लागेल या भीतीने व व्यवस्थापनाच्या दंडुकशाहीने येथील कामगार कंपनी व्यवस्थापनाला घाबरून तक्रार न करता नोकरी करीत असतात.

आदरणीय जिल्हाधिकारी रायगड यांस या पत्राद्वारे सुचित करू इच्छितो की, सदरील कंपनी ही नगर रचना विभाग, अलिबाग (टाऊन प्लानिंग) यांच्या सर्व नियमांना केराची टोपली दाखवून बिनधास्तपणे सर्व नियमांचे उल्लंघन करून आपला कारखाना चालवित आहेत.

साहेब, या कंपनीच्या गेटसमोरून ताकई-आडोशी हा बांधकाम विभागाच्या (P.W.D.) अखत्यारीतील रस्ता जातो. नियमानुसार रस्त्याच्या मध्यभागापासून ४५ ते ४८ मीटर पर्यंत कंपनीने बिल्डींग अथवा कंपनी प्लांटची उभारणी करू नये, हा शासन निर्णय कंपनीची जागा एन. ए. करतांना अटी शर्ती मध्ये नमुद असून देखिल येथे या नियमांची पायमल्ली होताना दिसते.

....३....

सदर कंपनीने आपली कंपनी बिल्डींग व शेड प्लांट हा नियमानुसार न उभारता रस्त्याच्या मध्यभागापासून मोजणी केली असता, २३/२५ मीटरच्या आत भरेल. म्हणजेच काय तर नियम सर्व तोडलेले आहेत.

नगर रचना विभाग, अलिबाग (टाऊन प्लानिंग) च्या नियमानुसार कंपनीने औद्योगिक-करणासाठी घेतलेल्या जागेत ३३ टक्के जागा ही 'मोकळी जागा' ठेवायची असते व सदर कंपनीत वृक्षारोपण देखिल करायचे असते. परंतु या कंपनीने अशी कोणतीही ३३ टक्के जागा कंपनीमध्ये मोकळी ठेवलेली नाही, हा देखिल शासनाच्या नियमांचा भंग आहे.

सदरील कंपनीने कंपनीची जागा ही एन.ए. केलेली आहे का ? ती दाखवावी. एन.ए. केलेली असेल तर आपखी एका नियमाप्रमाणे कंपनी येथे वागताना दिसत नाही. कंपनीच्या परिसरात प्रवेश करतांना गेट नंबर १ व गेट नं. २ या दोन्ही गेटमधून कंपनी आवारात जाणा-या रस्त्या व्यतिरिक्त मोकळी जागा शिल्लक नाही. जाणा-या रस्त्या व्यतिरिक्त मोकळी जागा शिल्लक नाही. कंपनीने नगर रचना विभाग, अलिबाग (टाऊन प्लानिंग) चे सर्व नियम धाब्यावर बसवून मनमर्जीप्रमाणे आपल्या कंपनीचे प्लांट उभारलेले आहेत. कामगारांच्या सुरक्षेची कोणतीही हमी या कंपनीने अद्यापपर्यंत घेतलेली दिसत नाही. कंपनीचे सर्व प्लांट हे कंपनीच्या वॉल कंपाउंड लगत असून प्लांटच्या मागून कंपाउंड पासून कोणताही रस्ता सुरक्षेच्या कारणास्तव कंपनीने ठेवलेला नाही.

मेहेरबान साहेब, जर या ठिकाणी नेहमीप्रमाणे समोरील बाजूने आग लागली तर कामगारांना मागील बाजूस जावून जीव वाचविण्यासाठी अथवा अॅम्ब्युलन्स साठी किंवा फायर ब्रिगेडच्या गाडीला येण्या-जाण्यासाठी रस्ता उपलब्ध नसल्याकारणाने कामगारांना येथे स्वतःचा जीव वाचविणे देखिल शक्य होणार नाही व पर्यायाने मोठी जिवीतहानी होण्याची दाट शक्यता आहे. असे एक ना अनेक जिल्हाधिकारी साहेब यांच्या आदेशाची अवहेलना येथे होतांना दिसते.

....४....

साहेब सदरील कंपनी ही 'हार्डस्ट' अति ज्वलनशिल केमिकलची निर्मिती या ठिकाणी करीत असून सुरक्षेची या कंपनीकडून कोणतीच उपाय योजना करून ठेवलेली नाही.

या कंपनीच्या चुकीच्या धोरणास्तव व सुरक्षेच्या उपायाबाबत असलेला निष्काळजीपणा हा भविष्यात भोपाळ सारख्या वायु दुर्घटनेसारख्या घटनेला खतपाणी घालण्यासारखी बाब आहे.

साहेब सदर कंपनीने २०१३ मध्ये फिनाॅल आणि अॅसीटॉन या दोन केमिकल्सचे उत्पादन घेता यावं म्हणून अशाच प्रकारे जनसुनावणी जिल्हाधिकारी कार्यालयामार्फत घेतली होती. त्यावेळी कंपनीने सुरक्षेच्या उपाय योजनेबाबत जे काही वचन त्या ठिकाणी दिले होते. त्याचा नंतर कंपनी व्यवस्थापनाला विसर पडला आणि हवेतील प्रदूषण जल प्रदूषण याचा प्रमाण वाढला पर्यायाने नागरिकांना या सर्व त्रासाला सामोरे जाण्याची वेळ आली. कंपनीने त्या जनसुनावणीच्या वेळेस आजुबाजूच्या परिसराचा विकास करण्याच्या बाबत जी घोषणा केली होती. ती देखिल कागदावरच राहिली. कंपनीने या परिसरातील नागरिकांच्या जीवनमान उंचावण्याबाबत वचन दिले होते. परंतु कंपनीने आपल्या कोणत्याच वचनाची पूर्तता आजपर्यंत केलेली नाही. परिसरातील गावांचा विकास शैक्षणिक विद्यार्थ्यांचा विकास आरोग्याच्या दृष्टीने विकास करण्याच्या हेतुने ही कंपनी त्यावेळेस घचनबध्द झाली होती. परंतु आजपर्यंत नागरिकांना दिलेला शब्द कंपनी व्यवस्थापन पाळू शकलेली नाही.

साहेब सदरील २०१३ रोजी घेण्यांत आलेली जनसुनावणी ही कंपनीपासून अंदाजे ६० ते ७० मीटरवर असलेल्या पाताळगंगा विद्यालय या शाळेमध्ये घेण्यांत आलेली होती. आजही ती शाळा त्याच ठिकाणी तशाच अवस्थेत असतांना कंपनीने विद्यार्थ्यांच्या शैक्षणिक विकासाबाबत दिलेला शब्द न पाळता त्या शाळेला देखिल मदत केलेली नाही.

साहेब, नगर रचना विभाग, अलिबाग (टाऊन प्लॅनिंग) यांच्या नियमानुसार एन.ए. करीत असतांना कंपनीच्या सदरील जागेच्या जवळपास ५०० मीटर पर्यंत शाळा, मंदिर, लोकवस्ती नसावी. हा नियम असतांना देखिल हार्डस्ट हे अति ज्वलनशिल केमिकल उत्पादन करणारी कंपनी हिला परवानगी देण्यांत कशी आली हा देखिल संशोधनाचा विषय आहे. या बाबतीत नगर

रचना विभाग, अलिबाग (टाऊन प्लानिंग) चे त्यावेळचे अधिकारी चुकले नाहीत का ? विद्यार्थी ज्या शाळेत शिकतात त्या शाळेच्या जवळ हार्डस्ट हे अति ज्वलनशिल केमिकल उत्पादन करपा-या कंपनीला दिलेली परवानगी ही विद्यार्थ्यांच्या जीवितस धोका निर्माण करणारी असून सदर कंपनीवर याबाबतीत कठोर कारवाई करण्यांत यावी.

साहेब सदर कंपनीने आजपावेतो शासन निर्णयाला हरताळ फासून एन.ए. ऑर्डरच्या सर्व अटी शर्तीचा भंग केलेला असून या नागरिकांच्या जिविताशी खेळणा-या कंपनी व्यवस्थापनावर पंचकोषीतील ग्रामस्थांचा विश्वास नाही.

अटी शर्तीचे उल्लंघन करणारी मे. प्रासोल केमिकल्स प्रा.लि. होनाड या कंपनीला भविष्यातील कोणत्याही नविन विस्तारीकरणासाठी अथवा नविन उत्पादन करण्यासाठी परवानगी देण्यांत येवू नये व सतत नगर रचना विभाग, अलिबाग यांच्या अटी शर्तीचा भंग केला असल्याकारणाने या अगोदर कंपनीला दिलेल्या सर्व परवानग्या रद्द करून कंपनीवर कठोरतः कठोर कारवाई करावी, ही विनंती. कारवाई न केलेल्यास मोठ्या जनआंदोलनाला जिल्हा प्रशासनाला सामोरं जावं लागेल, याची आपण नोंद घ्यावी.

आजच्या मे. प्रासोल केमिकल्स प्रा. लि., होनाड या कंपनीच्या करण्यांत येणा-या विस्तारीकरणाबाबत तसेच नविन घेण्यांत येणा-या उत्पादनाबाबत घेण्यात येत असलेल्या या जनसुनावणीस फक्त १०० लोकांच्या उपस्थित ही जनसुनावणी घेण्यांत येत आहे, याच कारणास्तव या जनसुनावणीस संपूर्ण ग्रामस्थांचा ठाम विरोध आहे. कारण की, या कंपनीमुळे ०४ ग्रामपंचायती प्रदूषणाने बाधित होत आहेत, आणि या ०४ ग्रामपंचायतीतील नागरिकांची लोकसंख्या ही १४ ते १५ हजारापर्यंतची आहे, याची मा. जिल्हाधिकारी कार्यालयाने नोंद घ्यावी.
