No. MPCB/RO(HQ)/2020/ 530

Date : 02.12.2020

To,

The Member Secretary,
Central Pollution Control Board

**Sub: Submission of the compliance report in respect of O.A. No. 606/2018
for quarter of April, 2020 to June 2020 for Maharashtra State.**

Sir,

May I refer to the orders dated 12/09/2020, 7/1/2020 & 24/1/2020 passed by the Hon'ble National Green Tribunal, Principal Bench, New Delhi in the matter of Original Application No. 606/2018 - Compliance of Solid Waste Management Rules, 2016.

In compliance of the order passed by the Hon'ble NGT in the above matter, the first quarterly report was submitted on 9/7/2019 and the gap analysis report in the format given by CPCB for the state of Maharashtra was submitted on 7/11/2019. Further in compliance of the order dated 7/1/2020, the reports of the State of Maharashtra in the revised format given by the CPCB in respect of solid waste Management, Restoration of Polluted River Stretches & Air Quality Management of Non-Attainment cities is submitted vide letter dated 21/1/2020 & 29/6/2020.

Further, in compliance of directions given by Hon'ble NGT on 24.01.2020, the Government of Maharashtra has constituted 'Environment Monitoring Cell for the state of Maharashtra'. The first meeting of the Cell was conducted on 11.06.2020 under the Chairmanship of Hon'ble Chief Secretary, Govt. of Maharashtra.

The quarterly compliance report for April, 2020 to June, 2020 in the prescribed format given by the CPCB is enclosed herewith for kind perusal.

This is submitted with the approval of the Hon'ble Chief Secretary of the State of Maharashtra.

Yours faithfully,

(Ashok Shingare, IAS)
Member Secretary

D.A.: As above

Report of State of Maharashtra

**in the matter of O.A. 606/2018 as per order dt. 07/01/2020 and 24/01/2020
For 1st quarter (April-June 2020)**

a. SOLID WASTE MANAGEMENT

April-June, 2020

Solid Waste Management			
Sl. No		Issue	
1	a	What is the quantity of MSW generated in the state	22,003 MT/Day
2	a	What is the quantity of MSW processed in the state	15,979 MT/Day
3	a	What is the quantity of MSW sent to the landfills	1766 MT/Day
4	a	Is door-to-door collection /segregation & transportation of segregated waste being done in the entire State	Yes
	b	If not, please provide percentage coverage of the State as per "4a" above	--
	c	If not, please provide timeframe for coverage of entire state as per "4a" above	--
	d	If not, has destination of disposal for mixed waste been identified for areas in which segregation of waste is not being done	--
5	a	Is all waste generated in the state processed in the waste processing facilities	Partially
	b	If not, please provide percentage coverage of the State as per "5a" above	73%
	c	If not, please provide time frame for above for coverage of entire state for "5a" above	March 2022

6	a	Have all dumpsites in the state been cleared	Work is in progress
	b	If not, please indicate the number of dumpsites in which work has commenced and percentage of waste cleared	1) Work has completed in 32 ULBs 2) Work in Process in 105 ULBs 3) 49,70,328 MT Waste is cleared till date.
	c	If not, please provide time frame for clearing of all dumpsites	March 2022
7	a	Have rates for procurement of services/equipment (to do away with the tendering process) required for solid waste management been standardized	All procurement is being done through Government of India's E-Marketing Portal (GEM).
	b	If not, please provide time frame for standardizing of the same	--
8	a	What action has been initiated against the defaulting officers/ organization (financial penalty, Entry in ACR,etc) responsible for Solid Waste Management	Action is in process
	b	If yes, please provide the details	--
	c	If, no ,please provide the details of action proposed to be taken against the defaulting officers/organizations (financial penalty, Entry in ACR,EC, Prosecution etc)	--
9	a	Has an environmental management cell been created in the state for monitoring key environmental issues.	1. State Environmental Monitoring Cell under the chairmanship of Hon'ble Chief Secretary, GoM is constituted. 2. Some of the Municipal Corporations have established environmental cell.

Details for MSW (in TPD)

Generated	Processed/ Treated	Gap
22,003	15,979 (MSW Processed) + 1766 (SLF)= 17,745	4,258

NGT OA 606/2018 07/01/2020 and 24/01/2020 Solid Waste Management in the State of Maharashtra

3	Waste Collection	Existing Status	Target	Gap	Timeframe
		process in 207 ULBs)			
5	Legacy Waste Waste management	Existing Status			
a	Number of dumpsites (No.)	194			
b	Quantity of Waste dumped at dumpsites (Tons)	2,78,23,805			
c	Number of dumpsites cleared (No.	32			
d	Number of dumpsites in which biomining has commenced (No.)	105			
e	Time frame for clearing all dumpsites	2022 March (Due to Covid Situations directed timelines could not been adhered.)			
6	Other Information				
a	Information regarding development of model towns/cities/villages	Attached file - Model Towns and Cities			
b	Creation of Environmental cell	State environmental Monitoring Cell under the chairmanship of Hon'ble Chief Secretary, GoM is constituted. Some of the Municipal Corporations have established environmental cell.			

3	Waste Collection	Existing Status	Target	Gap	Timeframe
c	Standardization of rates for procurement of services/equipment (to do away with the tendering process) required for solid waste management	Procurement of the vehicles and other equipment is being done through Government of India's E-Marketing Portal (GEM).			

*	2.b	1. Quantity of MSW collected (TPD) has come down to 89% from 99% (4th Quarter Report,2019) due to pandemic circumstances.
*	4.a	1. The reconciliation activity of plants had been carried out during Covid lockdown period; It has been observed that cities had provided information of plants which were constructed temporarily for survekshan. 2. As per this activity 239 plants from 204 ULBs are having functional MRF facility.
*	4.b	1. Waste is recycled through local vendors/Bhanganarwals. The waste is segregated at MRF Facility in sub categories by ULB and sold to/ hand over to recyclers.
*	4.c	1. The reconciliation activity of plants had been carried out during Covid lockdown period; It has been observed that cities had provided information of plants which were constructed temporarily as for survekshan. 2. As per this activity 385 plants from 241 ULBs are having functional Composting facility.
*	4.d	1. The reconciliation activity of plants had been carried out during Covid lockdown period; It has been observed that cities had provided information of plants which were constructed temporarily as for survekshan. 2. As per this activity 54 plants from 27 ULBs are having functional Biomethanation facility.
*	4.e	1. The reconciliation activity of plants had been carried out during Covid lockdown period; It has been observed that cities had provided information of plants which were constructed temporarily as for survekshan. 2. As per this activity 11 plants from 8 ULBs are having functional RDF facility.
*	5	The Legacy Waste Management values shown in the report are in a Progression.

Improvements Since Last Hearing

	Item	Present Status	Status at the time of last hearing	Whether directed timelines have been adhered or not ?	Remarks
1	Door-to-door collection (%)	89%	99%	-	1. Quantity of MSW collected (TPD) has come down to 89% from 99% (4th Quarter Report,2019) due to pandemic 2. Due to Covid Situations directed timelines could not been adhered . circumstances.
2	Source segregation of waste (%)	88%	75%	-	Due to Covid Situations directed timelines could not been adhered .
3	Waste Processing (TPD)	15,927	13,276	-	Due to Covid Situations directed timelines could not been adhered .
4	Dumpsites capped (No.)	6	-	-	Due to Covid Situations directed timelines could not been adhered .
5	Dumpsites Bio-remediated (No.)	32	23	-	Due to Covid Situations directed timelines could not been adhered.

c. Air quality management in non-attainment cities

(State wise review of compliance to Hon'ble NGT Directions for control of Air Pollution in Non-attainment cities- Maharashtra)

1. **Name of the State/UT** : Maharashtra
2. **Number of cities identified as non-attainment cities** : 18
3. **Detail on Air quality monitoring infrastructure with regard to Manual, Real time stations:**
 - Board has completed the assessment of required no. of Continuous Ambient Air Quality Monitoring Stations (CAAQMS) and manual monitoring stations as per the CPCB guidelines.
 - As per CPCB matrix, assessed no. of CAAQMS stations in Maharashtra: 106
 - As per CPCB matrix, assessed no of manual monitoring stations in Maharashtra: 126
 - Existing CAAQMS in Maharashtra: 23
 - Existing Manual monitoring station in Maharashtra: 78
4. **Whether city action plans prepared for all Non-Attainment Cities** : **Yes**
 - CPCB has approved city action plans of 17 non-attainment cities.
 - Revised action plan of Thane city as per CPCB's three member committee remarks is resubmitted to CPCB vide letter *MPCB/JD APC/NCAP/B-864 on dtd. 06.03.2020* and approval is awaited.
5. **Whether the assessment and installation of the requisite number of monitoring stations in the non-attainment cities completed** : **Yes**
(Enclosed as Table 1)
 - Assessment of requisite no. of monitoring stations in NAC's is completed.
 - Existing CAAQM in NAC's: 20
 - Required CAAQM in NAC's: 19
 - Existing Manual station in NAC's: 55
 - Required Manual station in NAC's: 08
6. **Have polluting sources been identified** : **Yes (Enclosed as Table 2)**
(Source Apportionment/Emission Inventory)
 - Source Apportionment & Emission inventory study work awarded to IIT (B) & NEERI, Nagpur for 10 cities (Mumbai, Pune, Nagpur, Nashik, Amravati, Aurangabad, Chandrapur, Kolhapur, Navi-Mumbai and Solapur) on dtd. 17.03.2016 and for 7 cities (Akola, Jalna, Latur, Ulhasnagar, Jalgaon, Badlapur) on dtd. 17.06.2019. The work of Thane city source apportionment & emission inventory is awarded to NEERI on dtd. 17.3.2020.
 - NEERI & IIT (B) submitted interim report of 17 cities and same have been communicated to CPCB vide letter *MPCB/JD APC/NCAP/B-743 dtd. 25/02/2020*.
 - Work of carrying capacity study of Nagpur and Navi-Mumbai cities is awarded to NEERI, Nagpur in first phase vide letter *MPCB/JD (APC)/NCAP/Carrying Capacity/200713-FTS-0111 dtd. 13.07.2020*.

- MPC Board vide Letter No. *MPCB/JD APC/NCAP/ 201015-FTS-0041 dtd. 14/10/2020* communicated proposed cities for joint studies for SA & CC study to CPCB as per Hon'ble NGT directions in O.A. No. 681/2018 dtd. 21/08/2020.

7. Does short term actions to control dust Emissions as per city action plan, regularly Implemented & monitored? **: Yes**
(Details Enclosed as Annexure A)

- Use of mechanical road sweeping machines, creation of green buffers along traffic corridors, blacktopping & widening of roads, utilization of C&D (Construction and Demolition) waste for pot hole filling, etc. actions are in implementation phase to control dust emissions. City wise details provided in Annexure-A
- For monitoring of implementation of the city action plan three level committees are constituted viz., Steering Committee headed by Chief Secretary-GoM, Air Quality Monitoring Committee (AQMC) headed by Principal Secretary-Environment and City Level Implementation Committee headed by District Collector/ Municipal Commissioner.
- The committees are conducting regular review meetings with respective stakeholders for effective implementation of city action plan.

8. Does short term actions to control emissions from waste burning and dumping as per city action plan, regularly implemented & monitored? **: Yes**
(Details Enclosed as Annexure A)

- Cities have initiated actions like installation of garbage/waste processing plants, procurement of Ghanta-Gadies, tippers, dumpers for scientific waste handling, imposition of levy/ fine for open burning, installation of waste to energy plants, etc. to control emissions from waste burning and dumping. City wise details provided in Annexure-A.
- For monitoring of implementation of the action plan three level committees are constituted namely, Steering Committee headed by Chief Secretary-GoM, Air Quality Monitoring Committee (AQMC) headed by Principal Secretary-Environment and city level implementation committee headed by District Collector/ Municipal Commissioner.
- The committees are conducting regular review meetings with respective stakeholders for effective implementation of city action plan.

9. Micro level planning for each of actions in the city plan framed? **: Yes**

- Revised action plans submitted to CPCB vide letter *MPCB/JD APC/NCAP/B-743 dtd. 25/02/2020*.
- As per the study outcomes of SA & EI studies and in consultation with respective stakeholder's microplanning of city action plans including hotspot management will be done.

10. Implementation status of city plans in %:

- MPC Board directed the respective corporation/council(s) to submit the quarterly implementation progress report as per the format specified by CPCB.

- The city action plan implementation progress of Maharashtra state till 30.06.2020 (Quarter: April-June, 2020) has been communicated to CPCB vide letter *MPCB/JD APC/ NCAP/ 200710-FTS-0027 dtd. 10.07.2020*
- The city action plan implementation progress of Maharashtra state till 30.09.2020 (Quarter: July-September, 2020) has been approved in the AQMC meeting convened on 24.11.2020 and the same is submitted to CPCB vide letter *MPCB/JD (APC)/ NCAP/ 201126-FTS-0107 dtd. 26.11.2020* for 16 non-attainment cities.
- Following key initiatives implemented by cities as per action plan:
 - Procurement E-Buses for public transportation
 - Promoting green mode of transportation by developing bicycle tracks
 - Public E-Bike sharing scheme
 - Installation of Remote Sensor based/ online PUC systems
 - Smart parking project with identification of new parking locations
 - Improvement in public transport system- METRO rail project, increase in CNG operated vehicles, battery operated vehicles, etc.
 - Deployment of traffic synchronization system

11. Status of Emergency Response System developed including GRAP : Yes

- Board vide letter *MPCB/JD APC/ NCAP/B-4828, 4829 dtd. 29.11.2019* communicated the Hon'ble NGT order to respective authorities- State Disaster Management and Meteorological Department for necessary actions.
- For Emergency Response System (ERS) including Graded Response Action Plan (GRAP), MPC Board has prepared the draft plan and is under approval process.

12. Public Grievance Redressal Portal status : Yes

- MPC Board has launched E-catalyst application with a new feature of complaint section for public grievances and redressal.
- The information containing documentation file for the app's flow & complaint section's dashboard has been communicated to CPCB vide letter *MPCB/JD APC/ NCAP/200727-FTS-0003 dtd. 27.07.2020*

13. Progress in line with the timelines mentioned in the approved plan : Yes

Most of the actions are in line with city action plan timelines. Wherever, there is a deviation in timeline, it has been mentioned in the quarterly progress report submitted by the non-attainment cities.

14. Constitution of District Level Committee covering each Non-Attainment city : Yes
City Level Implementation Committees constituted under

Report of State of Maharashtra in the Hon'ble NGT matter of O.A. 606/2018 – 1st Quarter – April-
June 2020

District Collector/ Municipal
Corporation Commissioner vide
GR dtd. 18.09.2019

REMARKS											
1. As per CPCB's draft criteria for designing the Ambient Air Quality Monitoring Network: Details of NAMP & CAAQMS for non-attainment cities in the State of Maharashtra						Existing CAAQMS: 20			Existing Manual: 55		
						Proposed CAAQMS: 28					
						Additional CAAQMS Required: 19			Additional Manual stations required :08		
2. The above mentioned CAAQMS and manual stations are operated by MPC Board											
3. At present Manual Stations are monitoring SO ₂ , NO ₂ & PM ₁₀ parameters											
4. CAAQMS stations are monitoring all 8 + weather parameters											
5. R -Residential, C -Commercial, I -Industrial, B -Background

Annexure-A

Sr. No.	City	7. Does short term actions to control dust emissions as per city action plan, regularly Implemented & monitored?	8. Does short term actions to control emissions from waste burning and dumping as per city action plan, regularly implemented & monitored?
1	Akola	Yes , Regular cleaning of street surfaces and spraying of water to suppress dust.	Yes , Continuous drive by Health Dept. and penalty imposed on those found burning waste
2	Amravati	Yes , Plantation along the roadside, order issued to planning and development department to control fugitive dust emission, create green buffer zone. Three water fountains are installed at major traffic intersections.	Yes , Drive was launched vide order No.1-AMC/ENV/MC/824/2017 dated-15-02-2017, No.2-AMC/ENV/MC/15/2017 dated-15-04-2016 which is in force till date. Order issued to field officers and power have been delegated to panelized violators, Public awareness through print media.
3	Aurangabad	Yes , One truck mounted Mechanical Road Sweeping machine in use since 2015 at cost of Rs 75 Lakhs, per day capacity is 25 km/day. Renovation of existing water fountains at 3 locations.	Yes , A total of 27 ex-servicemen's civilian friend squads have been appointed for each of the 9 zones to prevent open burning of garbage in the city. The team takes punitive action against those who burn garbage in the city, found to do open littering and use plastic. Construction of 30MT capacity Bio-methanation Solid Waste Project at Kanchanwadi is underway and 90% of the project is completed.
4	Badlapur	Yes , All major and internal roads are cleaned Manually by Sweepers. Sweepers deployed for this purpose is 466. To hire the Mechanical Sweeper for main roads is proposed. 4 Nos. of water fountains installation proposed. Road widening in progress as per City Development Plan.	Yes , Under Swachh Survekshan, Municipal Council has a dedicated team of Sanitary Inspector & Sanitation Workers including a separate squad under Solid Waste Management Department which daily keeps check & control of burning of Municipal Solid Waste. Council appointed Agency to levy spot fine to the defaulters against garbage burning. No expenses will incurred as Council will get 51% royalty of the total fine collected.
5	Chandrapur	Yes , One water fountain is installed at major traffic intersection. 18 km of road length has been black topped.	Yes , Inspections done to regularly check and control of burning of municipal solid wastes.

Sr. No.	City	7. Does short term actions to control dust emissions as per city action plan, regularly Implemented & monitored?	8. Does short term actions to control emissions from waste burning and dumping as per city action plan, regularly implemented & monitored?
6	Jalgaon	Yes, Jalgaon Municipal Corporation purchased pot hole repair machine for continuous operation of maintenance of roads. Guideline for safe disposal of Construction and demolition were incorporated in building permission process. Four water fountains are installed at major traffic intersections.	Yes, Continuous drive by Health Dept. and penalty imposed on those found burning waste.
7	Jalna	Yes, introduction of two water fountains at major traffic intersection. 2.35 km of road widened.	Yes, Jalna SWM DPR approved on 12.04.2018 for Rs 16.52 Cr. Procurement of vehicles -33 Ghanta gadies Received; 4 Tippers, 2 Dumpers to be delivered Technical sanction for Bio mining & Bio methanation is accorded. Civil work in progress for Waste Processing center at Samangaon. Over 50,000 households sensitized for waste segregation through IEC activities.
8	Kolhapur	Yes, Cleaning of street is being done by manual sweeping. Plantation program along traffic corridors & open areas is held in rainy season	Yes, Awareness campaign has been held at Keshavrao Bhosale hall for all sanitation staff on open burning ban. 104 auto-tippers have been provided for separate dry waste collection. Biogas, RDF, windrow composting systems are operational.
9	Latur	Yes. Two water fountains renovated and in operation at major traffic intersections. Creation of green buffers along the traffic corridors and their maintenance completed at four locations.
