Sub: Implementation of newly Developed "JVS Module"

Ref: Office Order No. E-255/2021 Dated.22/03/2021 along with SoP

Inspections are carried out by Field Officers and Sub Regional Officers on regular intervals as per the norms and during their visit, samples are collected depending upon type of Industry. Industries are charged for this Sample collection based on its type and parameters. Currently, manual bills are generated, and industry makes payment via Demand Draft, Cheque, etc. Now, to ease the process of JVS payments and to make it user friendly, JVS module has been developed and will be made live from 1st August 2021 on IMIS and MPCB web portal <https://manage.ecmpcb.in>.

This module will enable the Technical Officer to generate online bills and send it to the concerned establishments online. Also, Establishments will be able to download the same from their portal and make the payment online itself. In addition, this JVS module will ease-out the process of account reconciliation, which includes online DR generation with unique ID. This module will help Board and the concerned establishments to carry-forward outstanding payments and adjust the advance/ excess payment.

All the Technical Officers are hereby directed to use this newly developed JVS module, which will be made live from 1st August 2021. In any case, no manual JVS bill will be generated by any of the Board's Officers. The detailed User Manual is attached herewith for reference.

(Ashok Shingare, IAS)
Member Secretary
