CIRCULAR

Sub : Amendment in the Consent conditions with respect to industries having activity of storage and sale of petroleum products.

The activity of storage and sale of petroleum products is covered under RED category. Most of the petrol pumps are located in densely populated area of the cities. The precautionary measures has to be taken while issuing the consent to minimize the problems of leachate and oil pollution near the city.

Considering the above facts, some guidelines have been prepared (enclosed Annexure-I) for imposing in the consent conditions. For achieving uniform policy, it is circulated to you for amending the consent conditions to the units engaged in the activity of storage and sale of petroleum products.

This is issued with the approval of Member Secretary.

D.A: Annexure-I
