Dr. Prakash P. Wadgaonkar, Chief Scientist, NCL, Pune could not attend the meeting. Leave of absence was granted to them.

The Chairman of the Committee welcomed the Committee members and the minutes of the 1st meeting of the Technical Committee (2018-19) were confirmed. Four agenda items were placed before the meeting. Committee deliberated on the agenda items and following decisions were taken.

Sr. No.	Name of Industry	Recommendations
1	M/s Prasol Chemicals Limited, Takai Adoshi Road, Honad Village, Tehsil: Khalapur	PP gave presentation on amendment in existing consent for change in product-mix. After interaction with the PP, it was noted that, 1. PP was shown group of products; hence it was advised to show the individual product name & its quantity (existing as well as after product mix amendment). 2. PP Shows only hydraulic load of the existing as well as proposed products, however, not shown total organic load in the presentation (existing as well as after product mix). 3. Committee noted the replacement of coal fired 02 boilers with Furnace Oil fired 02 nos of Boiler.

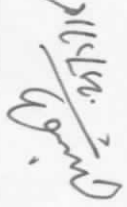

2nd meeting of Technical Committee 2018-19 dated 19.05.2018

Sr. No.	Name of Industry	Recommendations
2	M/s. Hikal Ltd. T - 21, MIDC Ind. Area, Talaja, Dist. - Raigad, Maharashtra.	<p>4. PP was unable to show unit wise treatment system provided with its performance (Trade effluent as well as source of emission)</p> <p>Finally, after due deliberations, it was decided to defer the case and was advised the PP to furnish above information.</p> <p>Committee noted that, industry has submitted the information/proposal for change in product-mix. The PP has given the presentation on material balance, water budgeting and pollution aspects due to proposed change in product-mix.</p> <p>After due deliberation, it was noted that:</p> <ol style="list-style-type: none"> 1. Trade effluent: Hydraulic load after product mix is 742 CMD (existing 793 CMD) and organic load 4792 kg/day (existing 4983 kg/day) 2. PP was unable to show unit wise effluent treatment system provided with its performance 3. PP was unable to show sources of emissions, its concentration at source and treatment system provided (existing as well as after product mix) 4. PP was unable to show Hazardous waste generation & its disposal (existing as well as after product mix). <p>Finally, after due deliberations, it was decided to defer the case and was advised the PP to furnish above information.</p>
3	Lupin Limited, T-142, Å M.I.D.C. Tarapur via Boisar, Tal & Dist-Palgha	<p>During discussion it was noticed that, the application submitted for change in product mix was already granted by Board for plain renewal of consent. Hence, it was advised to freshly apply for product mix.</p>
4	M/s. Reliance Life Sciences Pvt. Ltd. R-282, TTC Industrial Area, MIDC - 400701	<p>Committee noted that, industry has submitted the information/proposal for change in product-mix. The PP has given the presentation on material balance, water budgeting and pollution aspects due to proposed change in product-mix.</p> <p>After due deliberation, it was noted that:</p> <ol style="list-style-type: none"> 1. PP unable to show hydraulic as well as organic load of individual products of existing & after product mix

Sr. No.	Name of Industry	Recommendations
		<p>2. PP was unable to show unit wise effluent treatment system provided with its performance</p> <p>3. PP was unable to show sources of emissions, its concentration at source and treatment system provided (existing as well as after product mix)</p> <p>4. PP was unable to show Hazardous waste generation & its disposal (existing as well as after product mix).</p> <p>Finally, after due deliberations, it was decided to defer the case and was advised the PP to furnish above information.</p>
